Inclement Weather Conditions

Dear Parents,

We are keeping a close eye on the weather forecast and any changes to conditions however, whilst we will always do our best to remain open, there may be occasions when we must make the decision to close. We know that parents like to be informed and have information as early as possible.

In the event of particularly poor weather, should we have to make the decision to close an Arbor message will go out as early as possible – we would aim to make a decision by 7am or as close to this time as possible. We will also send a text message via Arbor and we will also announce it on our website.

If you do not receive a message to say we are closed you should assume we are open. Please note that Sandwell no longer produce a list of schools closed.

When open, please keep to the paths that will have been cleared and ensure children have warm coats and footwear.

Currently, there are still large portions of the school footpaths and playgrounds which are covered by snow. Due to the very low temperatures forecast for tonight, overnight and tomorrow morning, it is likely that these areas will freeze overnight. In the interest of safety, please keep to the paths that will have been cleared when onsite.

Please remember to send children to school dressed in school uniform but also with a warm coat, hat, scarf and gloves where possible to help keep them warm.

Should there be any changes to this message you will be notified by Arbor and text message. We will assess the conditions each morning.

At this stage we fully intend to open as usual over the next few days, but families should be mindful this could change, so please check Arbor for updates and have plans in place for alternative arrangements should these be needed and a safe way to make your way to school.

Thank you for your ongoing support

Mrs Gilbert
Head Teacher
