

## English

As Readers we are using different types of letters to practise our comprehension skills. We will continue to encourage the children to read daily in order to improve their fluency and expression.

As Writers we will be writing a letter after reading a traditional tale. We will then move on to writing an explanation text, teaching others about making a healthy pizza. We will continue to focus on improving our basic skills by using fronted adverbials of time, place adverbials, subordinating conjunctions, and past tense.

# Year three

## What are we learning about this half term?

## Geography

As Geographers we will be learning about natural disasters such as earthquakes and volcanoes and the impact they have on humans and the environment.

## PE

In P.E. we will be focusing on dance and gymnastics.

## Design & Technology

In D&T we will be developing skills needed to make a pizza, including choosing healthy ingredients, making, preparing and chopping ingredients.

## Computing

In Computing we will be researching what it means to be a database designer and the importance of internet safety when online. Children will create tables with fields for different kinds of information and then use them to sort and organise data.

## RE

In RE we will be looking at what the trinity is and why it is so important for Christians. We will describe how Christians show their beliefs about God the Trinity in worship through baptism and prayer and in the way they live.

## Maths

As Mathematicians we will be measuring in cm and m. We will then be converting between cm, m and km and using this to compare lengths. As well as this we will be learning about mass and reading scales using g and kg.

We will also practice applying these skills to solve word problems. We will then look at unit fractions of numbers and shapes.

We will work hard to improve our accuracy and presentation throughout the term.

## Science

As scientists we will be studying plants, we will be identifying the functions of different parts of a flowering plant during this unit. We will look the requirements of plants for life and growth as well as the importance of bees during pollination.

## Music

As musicians, As musicians we will learn how to play the glockenspiel. We will begin to use and understaff staff and other musical notation. We will also continue to learn to play the steelpans with Mrs Kinsella on Wednesday afternoons.
