Autumn 2 2026

Your chance to shine

Year Six

What are we learning about this half term?

English

As readers, we will continue to explore engaging fiction and non-fiction texts to develop our retrieval, inference, vocabulary and discussion skills.

As writers, we will produce a narrative linked to The Hunger Games before researching and writing a biography about a significant person.

Geography / DT

At the beginning of the half term, we will complete our DT work on chairs. As geographers, we will then investigate energy and the economy, exploring different energy sources and developing our understanding of how energy use connects to people, places and economic activity.

Art

As artists, we will be developing our drawing skills. We will explore different techniques and use these to develop increasingly controlled and purposeful pieces of artwork.

Computing

In Computing, we will develop our understanding of graphing and how data can be represented digitally. We will then explore blogging, considering how digital content can be created and communicated effectively.

RE

In RE, we will explore the Christian question: 'What kind of world did Jesus want?', considering Jesus' teachings and how Christians may apply these to their lives.

Spanish

In our MFL sessions, we will be learning vocabulary and phrases linked to the classroom - La clase - while developing our confidence in listening, speaking, reading and writing in Spanish.

Maths

As mathematicians, we will develop our understanding of fractions before exploring conversions and ratio. We will continue to apply our arithmetic knowledge through regular fluency, reasoning and problem-solving activities.

Science

As scientists, we will be studying light. We will investigate how light travels, how we see objects and how light interacts with different materials.

PE

In PE, our focus will be net and ball games, with badminton being our main sport. We will develop control, movement, accuracy, tactics and our ability to compete effectively.

PSHE

In our PSHE sessions, we will focus on keeping safe before beginning our work on families and friendships.
