Introduction and Statutory Framework

Safeguarding Culture

The school is committed to maintaining a strong safeguarding culture in which:

· the welfare of the child is paramount;

· safeguarding is everyone's responsibility;

· concerns are identified early and acted upon promptly;

· children are listened to and taken seriously;

· staff feel confident to challenge, escalate concerns and use whistleblowing procedures where necessary;

· safeguarding practice is regularly monitored, reviewed and strengthened.

The school will take a child-centred approach and always act in the best interests of the child.

Staff are expected to maintain professional curiosity and a culture of respectful challenge. This includes asking questions, seeking clarification, exploring inconsistencies, considering the child's lived experience, and escalating concerns where explanations do not fully account for a child's presentation, behaviour or circumstances.

The school is committed to learning from safeguarding incidents, near misses and complaints. Leaders will ensure that identified actions are implemented, monitored and reviewed to promote continuous improvement and maintain confidence in safeguarding arrangements.

This document is the Child Protection and Safeguarding Policy for Hall Green Primary School and any extended services that it provides.

This Child Protection and Safeguarding Policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004 and related statutory guidance.

This policy complies with:

- Keeping Children Safe in Education (KCSIE) 2026
- Working Together to Safeguard Children 2026
- The Education Act 2002 (Section 175)
- The Children Act 1989 and 2004
- The Equality Act 2010
- The Prevent Duty Guidance for England and Wales

- Data Protection Act 2018 and UK GDPR
- Working Together to Improve School Attendance
- SEND Code of Practice 2015
- Sandwell Children Safeguarding Partnership procedures and guidance.

This policy applies to all staff, governors, volunteers, contractors, visitors, trainee teachers, and agency staff working within the school.

Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone who comes into contact with children and their families has a role to play.

Safeguarding is reviewed termly through leadership monitoring, governor scrutiny, safeguarding audits, pupil voice, attendance analysis, behaviour analysis and staff training evaluation. Findings are used to strengthen practice and inform continuous improvement.

The school recognises that safeguarding and promoting the welfare of children includes:

- Protecting children from maltreatment
- Preventing impairment of children's mental and physical health or development
- Ensuring children grow up in circumstances consistent with the provision of safe and effective care.
- Taking action to enable all children to have the best outcomes

The school adopts a child-centred, trauma informed, approach and will always act in the best interests of the child.

- All staff working with children **must** personally report to the Police cases where they discover that an act of FGM appears to have been carried out. This will be supported by the DSL.
- Schools should be aware of and follow regional and local policies and procedures.
- Staff should be vigilant to signs of abuse and to whom they should report any concerns on to
- School has a robust recording and monitoring system called CPOMS in place for handling suspected or actual cases of abuse of pupils, including procedures to be followed in the case of allegations or concerns against persons in a position of trust including knowing local referral processes, LADDO.
- All our Designated Safeguarding Leads are a member of the senior management team and responsible for co-coordinating safeguarding/child

protection work within the school and consulting with other agencies as appropriate

- Staff with designated responsibility for safeguarding and child protection receive appropriate single agency and multi - agency training approved by Sandwell safeguarding arrangements at least every two years and their knowledge and skills will be refreshed regularly, but at least annually, via briefings, newsletter, and national, regional and local updates.

- All other staff in school receive training to raise their awareness of signs and symptoms of suspected or actual abuse and the procedures they should follow at least every three years They are also given regular updates on safeguarding issues via training sessions and 7-minute briefings.

- The Designated Safeguarding lead will take lead responsibility for safeguarding and child protection (including online safety, understanding the filtering, and monitoring systems and processes in place).

- All staff will receive online safety training, which includes an understanding of the expectations, applicable roles, and responsibilities in relation to filtering and monitoring to ensure they are not only knowledgeable around risks and indicators but are able to ensure children are taught about keeping themselves safe in the real and virtual world.

- All staff are prepared to identify children who may benefit from Early Help

- Hall Green Primary share information and work in partnership with other agencies when there are concerns about a child's welfare.

- School will maintain safeguarding responsibility when a child is attending Alternative Provision.

- Children absent from and missing from education – schools must have appropriate safeguarding arrangements in place to respond to children

- Sexual Offences Act 2003 Hall Green recognize that sexual violence and sexual harassment can occur between two children of any age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, likely, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap; they can occur online and offline (both physically and verbally) and are never acceptable. We ensure victims are taken seriously and offered appropriate support, following guidance in KCSIE.

Information sharing advice for safeguarding practitioners - GOV.UK

Mental health and behaviour in schools - GOV.UK

Purpose

To inform all members of staff, parents, volunteers and governors about the school's responsibilities for safeguarding children and their responsibilities therein.

Local Multi Agency Safeguarding Arrangements (MASA)

Hall Green Primary school follows the procedures agreed by Sandwell's Children's Safeguarding Partnership. We demonstrate our compliance with these arrangements via the annual S175/157 Safeguarding Audit, this is updated termly.

School Staff & Volunteers

School staff incl. supply, volunteers and students are well placed to observe the outward signs of abuse, neglect and exploitation. The school will therefore:

- Ensure that all school staff and volunteers receive safeguarding children training at least annually, to help identify concerns in accordance with 'What to do if you are worried a child is being abused – Advice for practitioners' (DfE 2015)
- Ensure that all staff are aware of this policy and those relating to the safeguarding of children
- All staff will receive safeguarding and child protection training at induction and at regular intervals thereafter. All staff are required to read and understand Part One of Keeping Children Safe in Education 2026 and must be able to recognise indicators of abuse, neglect, exploitation and safeguarding concerns, both within and outside the home, including online. Staff must act immediately on any concerns in accordance with this policy.

Principles and expectations

The policy applies to the safeguarding of all children between the ages of 3-11 whose care and education comes within the remit of this school.

We operate a whole school approach to safeguarding where everyone adopts a zero tolerance to abuse. We recognise our own responsibility to protect and safeguard the welfare of the children and young people entrusted to our care by establishing a safe, trusting, and trauma informed environment in which children can learn and develop.

Safeguarding concerns may arise within the family, outside the home or online. The school recognises that abuse, neglect and exploitation can occur in a range of settings and will consider the wider context of a child's life when assessing need and risk. This includes extra-familial harm, peer-on-peer abuse, serious violence, criminal exploitation, sexual exploitation and online abuse.

We create a culture of safe recruitment and have adopted robust recruitment procedures outlined in Keeping Children Safe in Education 2026 statutory guidance for schools.

The staff and Governing Body of this school are committed to establishing and maintaining an environment where children feel secure, are encouraged to talk, and are listened to. We will ensure that children know that there are adults in the school who they can approach if they are worried and that the principles of confidentiality are made clear to children and young people. Children's wishes and feelings are always taken in to account when determining what action is taken and included in any referrals. The school promotes a positive, supportive, and secure ethos, giving pupils a sense of being valued and understanding that their voice will be heard.

The school recognises that mental health concerns may in some cases be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Staff should not attempt to make a diagnosis of mental health conditions but should be alert to behavioural indicators and share concerns promptly with the DSL. Safeguarding action will be considered whenever concerns regarding a child's mental health suggest an underlying welfare issue.

This school also recognises its duty to work with other agencies in protecting children from harm and in responding to concerns about possible abuse, including the Police, Children services, Child and Adolescent Mental Health Services, School Attendance Support Service, Inclusion Support Service and other agencies/services coming into school to support individual pupils/groups of pupils. This includes providing a coordinated offer of Early Help and contributing to any statutory assessments. School ensures that all staff understand the Early Help process and recognise the factors that make children more at risk of poor outcomes including poverty, stigma and isolation which may be bought about by factors such as family members in prison or homelessness.

We take timely action to support early intervention if we have concerns.

We ensure that support is matched to children's individual needs by listening to all children's voice.

We encourage all children and young people to respect value and support each other through our Behaviour Policy and role models across the school.

We recognise that gender questioning children may, in some cases, experience increased vulnerability, bullying, social isolation, online harm, mental health difficulties and family conflict. Safeguarding responses will be child-centred, individualised and informed by current statutory guidance. Decisions affecting gender questioning children will prioritise the child's welfare, wishes and feelings, and involve parents wherever appropriate unless doing so would place the child at risk of harm.

We are fully compliant and promote Operation Encompass, which is a Police and Education early intervention safeguarding partnership that supports children and young people exposed to Domestic Abuse. It aims to ensure schools are notified in a timely manner of any Domestic Abuse incident where child/ren are present. This includes undertaking the Key Adult online training and ensuring all parents/carers are aware we are part of this initiative via newsletters, prospectus, school website, and induction.

We recognise that children who experience, see, or hear domestic abuse in all its forms are victims and appropriate support will be offered.

All staff and Governors receive safeguarding and child protection training including online safety at induction and at least annually thereafter. Temporary staff and volunteers will be made aware of policies including child protection, staff code of conduct and acceptable use of technologies including social media as part of their induction.

All staff, including temporary staff, agency staff, volunteers and governors, will receive safeguarding induction appropriate to their role. This will include:

· this safeguarding and child protection policy;

· staff behaviour/code of conduct;

· safeguarding response to children who are absent from education;

· identity of the DSL and deputy DSLs;

· whistleblowing procedures;

· Part One of Keeping Children Safe in Education 2026;

· online safety, including filtering and monitoring arrangements.

Staff training will be regularly updated to reflect local and national safeguarding priorities and emerging risks

We ensure that appropriate, robust Filtering and Monitoring is in place for on school devices and networks which are regularly reviewed at least annually to assess their effectiveness.

The school recognises that emerging technologies, including generative artificial intelligence (AI), present both opportunities and safeguarding risks. Potential risks include exposure to inappropriate content, misinformation, bullying, exploitation, manipulation, academic dishonesty and the creation or sharing of harmful material.

Staff will remain vigilant to these risks and pupils will be taught how to use emerging technologies safely, responsibly and in an age-appropriate manner.

We also recognise the part mobile phones can play in compromising children safety. You can find more information in our Mobile Phone Policy.

We aim to meet the DfE filtering monitoring standards and the Cyber Security standards for schools and colleges in order to build cyber resilience.

We ensure that children who are subject to multi-agency plans are supported by the school as defined in that plan.

We are fully committed to safeguarding the welfare of Children We Care For, (previously known as looked after children) and care leavers.

To develop and deliver the PSHE curriculum to create opportunities for children to develop the skills they need to recognise and stay safe from harm including Domestic Violence and Abuse (DVA), Child exploitation including sexual and criminal, Modern day slavery, Serious violence, Trafficking, Gangs and knife Crime, Radicalisation, Female Genital mutilation (FGM), Honour based Violence (HBV) and Forced Marriage (FM), Online/Social Media Safety. They will be supported to calculate risk and be made aware of the range of support available to them.

To ensure staff are aware that wider environmental factors could be present in a child's life that are a threat to their safety and/or welfare. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) online grooming, sexual exploitation, criminal exploitation, and serious youth violence. This is known as Assessment of Risk outside the family Home and we will have due consideration for this when assessing risks to children and young people.

We are familiar and keep up to date with legislation and guidance that relates to children and young people such as the legislative changes to the legal age of marriage in England and Wales.

We encourage pupils to respect the fundamental British values of democracy, the rule of law, individual liberty and mutual respect, and tolerance of those with different faiths and beliefs. We ensure that partisan political views are not promoted in the teaching of any subject in the school and where political issues are brought to the attention of the pupils, reasonably practicable steps have been taken to offer a balanced presentation of opposing views to pupils.

To contribute to children being healthy, safe, enjoying and achieving, making a positive contribution, and achieving economic well-being.

To support the mental health and well-being of students and be able to identify when there are needs and consider when they become a safeguarding issue. We will follow referral processes to gain the support required to help keep the child safe.

The school will ensure that parents understand the responsibility placed on staff for child protection by setting out its obligations in the school prospectus. The school's child protection policy is made available to parents on request and published on the school website.

Our policy extends to any establishment our school commissions to deliver education to our pupils on our behalf including alternative provision settings.

We will continue to be responsible for the safeguarding of any pupil placed in Alternative Provision and ensure we are satisfied that the provider meets the needs of the pupil.

Our Governing Body will ensure that any commissioned agency will reflect the values, philosophy, and standards of our school. Ongoing monitoring will be undertaken.

When our premises are used for activities/services offered by other organisations or individuals' confirmation will be sought by the school that appropriate risk assessments, aligned with 'Keeping Children Safe in Offsite settings', are completed, safeguarding and child protection policies and procedures are in place. This assurance will be included in any transfer of control agreement (i.e. lease or hire agreement).

Implementation, Monitoring and Review of the Safeguarding and Child Protection Policy

The Designated Safeguarding Lead will ensure that the school's Child Protection Policy is put on the agenda of the Governing Body at least once a year for discussion, monitoring, review and renewal.

Our School submits the Local Authority annual safeguarding audit within agreed deadlines (S175/157 Education Act 2002 audit) to evidence compliance with current legislative requirements, including any implications and learning from local, regional or national safeguarding issues. In this way the Governing Body authorises the DSL for Child Protection to carry out his/her responsibilities as outlined in the statutory Guidance.

- Teachers **must** personally report to the police cases where they discover that an act of FGM appears to have been carried out.
- Schools should be aware of and follow regional and local policies and procedures.
- Staff should be vigilant to signs of abuse and to whom they should report any concerns on to
- Schools should have procedures in place which are disseminated to all staff for handling suspected or actual cases of abuse of pupils, including

procedures to be followed in the case of allegations or concerns against persons in a position of trust including knowing local referral processes.

- Every school should have Designated Safeguarding Lead who is a member of the senior management team and responsible for co-coordinating safeguarding/child protection work within the school and consulting with other agencies as appropriate.
- Staff with designated responsibility for safeguarding and child protection should receive appropriate single agency and multi - agency training approved by local safeguarding arrangements at least every two years and their knowledge and skills should be refreshed regularly, but at least annually, via briefings, newsletter, and National, regional and local updates.
- All other staff in school should receive training to raise their awareness of signs and symptoms of suspected or actual abuse and the procedures they should follow at least every three years They should also be given regular updates on safeguarding issues.
- The Designated Safeguarding lead will take lead responsibility for safeguarding and child protection (including online safety, understanding the filtering, and monitoring systems and processes in place).
- All staff will receive online safety training, which includes an understanding of the expectations, applicable roles and responsibilities in relation to filtering and monitoring to ensure they are not only knowledgeable around risks and indicators but are able to ensure children are taught about keeping themselves safe in the real and virtual world.
- All staff should be prepared to identify children who may benefit from early help
- That all schools and FE colleges should share information and work in partnership with other agencies when there are concerns about a child's welfare.
- School will maintain safeguarding responsibility when a child is attending Alternative Provision

The governing body will receive assurance that appropriate filtering and monitoring systems are in place, effective and proportionate to risk. Leaders will undertake regular reviews of filtering and monitoring arrangements to ensure pupils are safeguarded whilst using school technology and internet services. Roles and responsibilities relating to filtering and monitoring are clearly defined and understood.

The school recognises that children who are absent from education, particularly repeatedly or for prolonged periods, may be at increased risk of abuse, neglect, exploitation, criminal exploitation, sexual exploitation, mental health difficulties or radicalisation. Attendance concerns will be monitored closely and safeguarding procedures initiated where concerns arise regarding a child's welfare.

- **Information sharing advice for safeguarding practitioners**
- **Mental Health and Behaviour in Schools: Departmental Advice**
- **Section 26 of the Counter-Terrorism and Security Act (2015)**
- **The Prevent Duty** The UK faces a severe and continuing threat from international terrorism. The Government is taking tough security measures to keep people safe but action at a local level is also essential to stop people becoming or supporting terrorists or violent extremists. Local authorities and the police need to take a lead in ensuring that local partnerships have been clearly tasked with driving delivery of a jointly agreed programme of action. From 1 July 2015 all schools must have regard to the statutory guidance around the Prevent Duty (this also applies to registered early years childcare providers and registered later year's childcare providers). They are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015, in the exercise of their functions, to have "due regard to the need to prevent people from being drawn into terrorism". This duty is known as the Prevent duty. It applies to a wide range of public-facing bodies.
- Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon teachers, along with social workers and healthcare professionals, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions. From October 2015, there is a 'mandatory reporting duty' for all education providers.
- Forced Marriage (Civil Protection) Act 2007 (legislation.gov.uk) – The legal age of marriage in England and Wales is 18 years Old
- Child and Social Work Act 2017

  Requires all schools to ensure:

  (a)relationships education be provided to pupils of compulsory school age receiving primary education at schools in England

DRAFT

(b)relationships and sex education to be provided (instead of sex education) to pupils receiving secondary education at schools in England.

(c)that pupils learn about—

(i)safety in forming and maintaining relationships,

(ii)the characteristics of healthy relationships, and

(iii)how relationships may affect physical and mental health and well-being, and

(d)the education is appropriate having regard to the age and the religious background of the pupils

Additional links to Resources/ Information on (child-on-child Sexual Violence and Sexual Harassment, Generative AI in education, Gender Questioning children: Relationships, sex and health education) can be found in KCSIE 2025

1. The Headteacher

Is responsible (with the lead support of the Designated Safeguarding Lead) for ensuring.
safeguarding arrangements are implemented effectively in school.
This includes:

- Having the overarching responsibility of ensuring the effectiveness of our school safeguarding arrangements as outlined in this policy.
- Being accountable and reporting to the Governing Body (with the support of the Designated Safeguarding Lead) on the effectiveness of school safeguarding arrangements.
- Supporting and promoting a whole school safeguarding culture and ethos as outlined in our Safeguarding Statement. This includes ensuring that the Senior Leadership Team work effectively together and with the Designated Safeguarding Lead, to ensure a whole school approach to safeguarding.
- Take the lead role in Ensuring Safe Practice; including ensuring staff are knowledgeable and confident in their safeguarding practice; including making sure that their practice is in line with national and local requirements. The Headteacher is also the lead person responsible for receiving, managing, and referring to/consulting with the Local Authority Designated Officer (with the support of the Designated Safeguarding Lead) or any other authorities regarding allegations of abuse made against staff or other organisations/individual who use school premises.
- Enabling the Designated Safeguarding Lead and any deputy(ies) to carry out their roles effectively. This means ensuring they are given sufficient time, training, support, resources, including cover arrangements where necessary.

- Ensuring that all school policies including safeguarding policies and procedures and those required to be in place, are implemented and followed by all staff.

The Designated safeguarding Lead (DSL)

The Designated Safeguarding Lead (DSL) for child protection co-ordinates action on child protection within the school. This includes ensuring that all staff, teaching and non-teaching (including supply staff) know who the Designated Member of Staff is and that they are aware of their individual responsibility to be alert to the signs of abuse and should consider the context within which specific safeguarding issues within the wider environment (Assessment of Risk outside the family Home) – see appendix A to discuss any concerns with the Designated Member of Staff. That they are aware of what happens once a concern has been raised.

Mrs Alison Gilbert (Head Teacher) is the DSL for Safeguarding and Child Protection and is a member of the senior leadership team.

A Deputy DSL has been appointed to act in the absence/unavailability of the DSL. Whilst the activities of the safeguarding lead can be delegated to appropriately trained deputies, the ultimate lead responsibility for safeguarding and child protection for safeguarding and child protection remains with the safeguarding lead. This responsibility is not delegated.

The Deputy Designated Safeguarding Lead for Safeguarding and Child Protection in this school is:

- Mrs Anne Taylor
- Mrs Kristina Macdiarmid
- Mrs Jade Wall
- Mrs Helen Read
- Mr Aaron Falconer

In the absence of the DSL and the deputy DSL the most senior member of staff in school will assume responsibility for any Safeguarding and Child Protection matters that arise. Any deputies will be trained to the same standard as the designated safeguarding lead.

This Policy also covers our Early Years Provision, which operates during the school times.

Our Designated Safeguarding Lead (DSL) will:

- will maintain oversight of safeguarding trends and emerging risks, including online harms, exploitation, attendance concerns, child-on-child abuse, mental health concerns where these are linked to safeguarding, and risks occurring outside the family home.
- Take lead responsibility for safeguarding and child protection (including online safety, understanding the filtering, and monitoring systems and processes in place).
- Ensure that he/she receives refresher training at least every two years.
- To keep his or her knowledge and skills up to date (for example via e-bulletins, meeting other designated safeguarding leads) at regular intervals, but at least annually, to keep up to date with any developments relevant to their role.
- Ensure that all staff (including supply, volunteers) who work with children undertakes appropriate training to equip them to carry out their responsibilities for safeguarding children at induction and at least every two years with regular updates at least annually. Training will enable them to recognise the signs and symptoms of abuse including online safety Including abuse/Grooming, understanding expectations, applicable roles and responsibilities in relation to filtering and monitoring, Domestic Violence and Abuse (DVA) with knowledge of what is controlling behaviours and coercive control, Child to Parent Domestic abuse, Child to child abuse, Child exploitation, Spiritual abuse, Female Genital Mutilation (FGM), Honour based Violence (HBV) and Forced Marriage (FM).
- Ensure that all staff understand the statutory duty to report to police when they suspect a child has had FGM carried out on a girl under eighteen.
- Ensure all staff understand the PREVENT Duty.
- Ensure that parents and staff are aware the school is part of Operation Encompass by providing full information around school, within parental information and on the school website.
- Ensure there are effective induction procedures around safeguarding and child protection for all adults working in the school, be they staff or volunteers, including supply agency staff which are to be undertaken no longer than 10 working days of commencement of their contract.
- Make sure that staff/volunteers raise concerns when necessary.

- Offer support and guidance to all adults working within the school on matters of safeguarding and child protection.
- Ensure that the names and contact details of the DSL/Deputy are on display for all staff, parents, pupils, and visitors to the school
- Ensure that (whenever possible) the Designated and Deputy Designated Safeguarding Leads are not out of school (e.g. at training events) at the same time. If they are absent arrangements should be in place to ensure their duties are covered during their absence.
- Ensure that the telephone number for the Contact Centre is available and easily accessible to staff in case, for any reason, the DSL and Deputy are not contactable, in order to ensure there is no unwarranted delay in referral.
- Discuss concerns as required with outside agencies e.g. specific agency for single need (e.g. speech and language, Inclusion Support), early intervention multi-agency (e.g. Early Help process) or Multi Agency Safeguarding Hub (MASH) /existing social worker (child protection/significant harm concerns)
- Be aware of contact details and referral routes to support families. This includes referral routes to local housing authority for families who are or are at risk of being homeless, referral routes for children in households where there is domestic abuse, child criminal exploitation, children missing or absent from education.
- Ensure suitable safeguarding arrangements are in place to respond to children who are absent from education, particularly on repeat occasions and/or for prolonged periods, considering when threshold for educational neglect may be met.
- Collaborate closely with colleagues with specific lead responsibilities in school such as Attendance Officer, Mental Health Lead, Child We Care For teacher, to respond to safeguarding concerns and improve outcomes for children.
- Collaborate closely with partner agencies and services to improve outcomes for children and young people including (but not limited to) Local Authority Designated Officer (LADO), Allocated Social Workers, Special Educational Needs Coordinators (SENCO's), Senior Mental Health Leads, school nurses, Domestic Abuse Support, Locality Strengthening Families Team, Community Policing.
- Be aware of the requirement for children to have an Appropriate Adult when they are being questioned by police regarding any criminal matters. Further information can be found in the Statutory Guidance - PACE Code C 2019.

- Complete/oversee all necessary paperwork and correspondence including referral forms to the Early Help team or MASH in regard to safeguarding and child protection referrals.

- Ensure there is appropriately trained staff to lead on Targeted support and that all staff is aware of the Early Help process and their role within it

- Ensure that relevant staff are informed and advised about appropriate action when a child is subject to a Child Protection Plan

- Ensure that the school is represented by a Designated Safeguarding Lead at child protection conferences, core groups and multi-agency meetings about 'Children in Need'. It is the Designated Safeguarding Lead who should attend Child Protection Conferences rather than another representative. If this is not possible, the Deputy Designated Safeguarding Lead should attend. If neither can attend apologies will be given and a written report will be submitted prior to the conference

- Compile and submit a written report regarding children who are subject to child protection conferences. This will be shared with parents before the conference takes place.

- Ensure there is appropriate representation on Core Groups when a child is on a Child Protection plan. If the most appropriate person is a class teacher, they will work jointly with the Designated Safeguarding Lead

- Ensure record keeping is detailed.

- Ensure that welfare records are kept securely and confidentially (locked and with limited access)

- Ensure that safeguarding and child protection records are chronologically recorded, with significant incidents or events clearly highlighted. These records should be reviewed regularly and focus on outcomes for the child/children.

- Ensure that records are transferred, within 5 days for an in-year transfer or within the first 5 days of the start of a new term, when a child changes/transitions to a new school.

- Ensure there is a mechanism in place to support the Designated Safeguarding Lead in specific regard to their welfare responsibilities e.g. weekly/monthly one to one meetings between the Designated and Deputy Designated Safeguarding Lead to offer mutual support.

- Keep the school's SIT, Governors, Local Authority and SCSP informed about safeguarding and child protection issues as requested.

- Provide guidance to parents, children, and staff about obtaining suitable support
- Discuss with new parents the role of the DSL and the role of safeguarding in the school. Make parents aware of the safeguarding procedures used and how to access the safeguarding and child protection policy.
- To arrange adequate and appropriate cover arrangements for any out of hours/out of term activities including onsite day care provision.

5. The Governing Body

The Governing Body has overall responsibility for ensuring that there are sufficient measures in place to safeguard the children in their establishment. It is recommended that a nominated governor for child protection is appointed to take lead responsibility.

The Governing Body receives regular assurance regarding the effectiveness of filtering and monitoring systems. This includes consideration of reports, safeguarding incidents, emerging risks and actions taken in response. Governors will ensure filtering and monitoring arrangements remain effective and proportionate to identified risks.

The Safeguarding Governor will meet regularly with the Designated Safeguarding Lead to monitor safeguarding practice, review training compliance, scrutinise safeguarding data and ensure that appropriate challenge and support is provided to school leaders. These visits will be recorded and reported to the governing body.

The nominated governor for child protection and Safeguarding is: **Mrs Wendy Lamb**

The Governing Body ensures that:

- Our Governors/ will be subjected to an enhanced DBS check and 'Section 128' check.
- Governors will satisfy themselves that safeguarding arrangements, including online safety, filtering and monitoring systems, safer recruitment procedures and child protection processes, are effective and compliant with statutory requirements. Safeguarding will remain a standing item within governance monitoring and review activity.

- All governors and trustees receive appropriate safeguarding and child protection (including online to include responsibilities and expectations around filtering and monitoring) training at induction. This training equips them with the knowledge to provide strategic challenges to test and assure themselves that the safeguarding policies and procedures in place in schools and colleges are effective and support the delivery of a robust whole school approach to safeguarding. Their training is updated at least annually.

- Safeguarding and child protection policy and procedures are in place and reviewed annually.

- Obligations under the Human Rights Act 1998 21, the Equality Act 201022, (including the Public Sector Equality Duty23), and their local multi-agency safeguarding arrangements are maintained and any breaches are tackled appropriately.

- Safe recruitment procedures (including consideration for an online search on any shortlisted candidates which they will be informed about), are in place and reviewed annually.

- All staff (paid and unpaid) have an up-to-date enhanced Disclosure and Barring service (DBS) certificate. All those conducting teaching roles will require an additional check to ensure they are not prohibited from teaching.

- Ongoing vigilance beyond the recruitment process to ensure safety and welfare of children is embedded in all our processes and procedures to ensure deterrent and prevention of abuse, challenges inappropriate behaviour.

- A Single Central register (SCR) is monitored to ensure it meets statutory requirements (Please see our Recruitment Policy). All staff leavers will be deleted from our current SCR

- Position of trust procedures are in place (included the management of low level concerns) and reviewed annually

- A DSL who is a senior member of school leadership team is appointed and notify the LA of any changes in personnel to this role

- The Governors support the Designated Safeguarding Lead in carrying out his/her responsibilities as outlined in 'Keeping Children Safe in Education', (September 2025) and role in Job Description.

- There is a dedicated teacher for Children in Care who have been appropriately trained. This staff member has a key role in promoting the educational achievement of Looked after Children and engaging with the DSL.

- A member of the Governing Body (usually the Chair) is nominated to be responsible in the event of an allegation of abuse being made against the Head Teacher

- That robust policies and procedures are in place, implemented and monitored.

- Relevant safeguarding/child protection training is accessed by all school staff/volunteers according to their role and responsibilities (including online safety which, amongst other things include and understanding of the expectations, applicable roles and responsibilities in relation to filtering and monitoring).

Consider the number and age range of the pupils, those who are potentially at greater risk of harm and how often they access IT systems along with the

proportionality of costs versus safeguarding risk. Ensure that school adhere to the DfE Guidance - That they receive an annual report from the DSL regarding safeguarding/child protection work including details of early help involvement and the lead professional role which has been undertaken in the year which is shared with the LA or other appropriate body.

- Deficiencies or weaknesses in safeguarding arrangements are remedied without delay, liaising with relevant bodies for support as required.

Governors will receive termly safeguarding reports and an annual safeguarding effectiveness review. This review will evaluate safeguarding culture, compliance with statutory requirements, quality of safeguarding practice, training, safeguarding trends and outcomes for children.

6. School Procedures – Staff Responsibilities

The DSL ensures that all school staff and volunteers are alert to the potential abuse of children both within their families and from other sources including members of the school community.

The DSL will ensure all staff are aware of the school's reporting and referral procedure and the need for timely reporting. The schools' procedures are as follows:

- If any member of staff is concerned about a child, they must inform a Designated Safeguarding Lead (DSL) via our electronic reporting system CPOMS, if CPOMS is not available, a blue form from the staff room must be completed and handed to a DSL.
- All concerns must be reported the same day (before leaving the school premises) and where appropriate before the end of the school day at 3:25pm
- If a member of staff feels the concern is urgent and the child is at immediate risk of harm, they must verbally inform a DSL immediately, (a written record must still be made by the person with concerns)

The school recognises that persistent absence, severe absence, repeated lateness and patterns of unexplained absence may indicate safeguarding concerns, including neglect, exploitation, family difficulties, emotional wellbeing concerns or risk outside the home. Attendance information forms part of the school's safeguarding monitoring arrangements and is reviewed by leaders to identify children who may require additional support or intervention.

A child being absent from education is a potential indicator of abuse or neglect. School and college staff will follow the school's or college's procedures for dealing with children that go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of their

going missing in future, in accordance with KSIE (2023). Consideration should be given for a referral to children services if there are safeguarding concerns or there has been no contact with school. If a child stops attending altogether this will be reported to school attendance support service with information regard off rolling the child.

The school will robustly monitor the attendance of children on roll in the school in line with the Attendance Policy and working together to improve school attendance; Statutory Guidance (August 2024) When a safeguarding/child protection concern is raised, attendance concerns will be shared with partner agencies in accordance with local information sharing protocols.

The school will ensure they have systems in place to regularly update contact numbers for parents/carers and that there are at least two emergency contact numbers on file for every child on roll.

If any member of staff is concerned about a child, the Designated Safeguarding Lead (or the rep in their absence) must be informed immediately. There is an absolute responsibility for all members of the school to respond to any suspected or actual abuse of a child in accordance with these procedures.

The member of staff must record information regarding the concerns and ensure the written record is passed to the DSL on the same day. The recording must be a clear, precise, factual account of the observations.

There may be emerging needs or adversities faced by children and their families that could be addressed through Early Help. Sandwell's Multi Agency Threshold document (available on the SCSP Website) will guide you on what is the most appropriate level of support for families based on their level of need. The Single Point of Contact or the MASH education team are available for early advice and support prior to getting to the point when things need to go to MASH.

The Designated Safeguarding Lead will decide whether the concerns should be referred to children's social care via the MASH. If it is decided to make a referral to children's social care this will be discussed with the parents and consent sought, unless to do so would place the child at further risk of harm, place a vulnerable adult at risk or compromise any enquiries that may need to be made.

When concerns have been raised regarding a child or they are subject to any multi-agency work a written record will be kept securely and separately from the child's main pupil record.

Whenever a child transfers to another school all school records, including safeguarding/child protection files will be sent to the receiving school in a secure manner (within 5 working days) and relevant agencies will be informed of the new school that the child has moved to.

The Designated Safeguarding Lead takes responsibility for making the senior leadership team aware of trends in behaviour that may affect pupil welfare. If necessary, training will be arranged.

All staff and volunteers are made aware that the main categories of abuse are:

- Physical abuse
- Emotional abuse
- Sexual abuse
- Neglect

In addition to these types of abuse and neglect, members of staff will also be alert to specific safeguarding issues. Please see appendix A

All staff will have awareness training and briefings so they are alert to the signs and symptoms of abuse, including those that may signal a child is at risk from or involved with serious crime. They are made aware of the associated risks and understand the measures in place to manage them.

All staff will be informed of the risks posed by adults or young people who use the internet to bully, groom or abuse children.

Staff will oversee the safe use of electronic and social media by staff and pupils and take immediate action if they are concerned regards any bullying or risky behaviours.

All staff and volunteers should be concerned about a child if he/she presents with indicators of possible significant harm – see Appendix A for details.

7. Dealing with a Disclosure

Where a pupil discloses that he/she has been abused the following guidelines must be followed:

RECEIVE

If a child wants to talk to you, never ask them to come back later. Ask them what they want to talk to you about and, if you are concerned about their welfare, give them the time to speak to you. Never promise confidentiality, inform the child that you are happy to talk to them but if they tell you anything that you believe may be putting them at harm that you will have to talk to someone.

Listen carefully to the child. Do not stop a child who is freely recalling information.

Where a child is visibly upset or has an obvious injury, It is good practice to ask a child why they are upset or how an injury was caused or respond to a child wanting to talk to you to help clarify vague concerns and result in the right action being taken.

REACT

If you need to clarify information, ask open-ended questions e.g." Is there anything you'd like to tell me?", "Can you explain to me…" Can you describe to me…."

Never ask leading or suggestive questions e.g. 'Did he/she do anything that they shouldn't have done?'

Never ask 'accusing' questions e.g." Why didn't you tell someone earlier?"

Never criticise the alleged perpetrator, it may be someone that they will continue to live with.

Never ask the pupil to repeat their disclosure for any other member of staff; it is your responsibility to share the information.

These four factors may compromise enquiries that need to be made later by children's social care or Police.

REASSURE

Ensure that the child is aware that they have done the right thing in talking to you and that they have not done anything wrong.

If you have any concerns that the child has been, or is at risk of harm, you must tell them that you will speak to someone to get help.

RECORD

Make notes as soon as possible afterwards using the words that the child has used.

Do not record your assumptions and interpretations, just what you heard and saw.

Do not destroy original notes even if you later write things up more neatly and fully.

Record the date, time and place of the disclosure.

Sign any written records and identify your position in the school setting.

Do not ask a child to write an account or sign any of your documentation as this may compromise enquiries that need to be made later by children's social care or Police.

REFER

Immediately inform the Designated Safeguarding Lead for Safeguarding and Child Protection Mrs Gilbert, or in their absence the Deputy Designated Safeguarding lead Person for child protection Anne Taylor who will be responsible for following the appropriate procedures. In the absence of anyone being available in school, contacting MASH for advice.

To consult with your Designated Safeguarding Practitioner does not mean a referral has been made. This decision is the responsibility of the Designated Safeguarding Lead who will contact the appropriate agency as and when required.

If you are unhappy about the response you receive from your Designated Safeguarding Lead, contact Sandwell Children's Trust Contact Centre on 0121 569 3100 where you may be put through to speak to a qualified Social Worker.

UNDER NO CIRCUMSTANCES SHOULD YOU LEAVE SCHOOL WITHOUT DISCUSSING YOUR CONCERNS WITH A DSL

Making a Referral

A referral involves sharing information in line with Multi Agency Threshold Document to either the Strengthening families Team, with the consent of the parents/carers, Multi Agency Safeguarding Hub (MASH) or the Police in matters of immediate risk (see Appendix C).

Parents/carers should be informed if a referral is being made except in the circumstances outlined in communication with parents **(It puts a child at further risk of harm)**

However, inability to inform parents for any reason should not prevent a referral being made to children's social care via the MASH Service. It would then become a joint decision with Sandwell Childrens Trust about how and when the parents should be approached and by whom.

If lower level multi agency support is required for a child and/or their family, the Designated Safeguarding Lead will, with consent of the parent/carer, complete a Early Help assessment to enable the most appropriate services and support to be identified. This may be targeted multi-agency support to help the family resolve any identified concerns.

If the concerns are more complex and require statutory intervention then the Designated Safeguarding Lead will refer the matter to children's social care via the MASH service where a decision will be made whether any enquiries are needed under Section 17 (child in need enquiry) or Section 47 (child protection enquiry) of the Children Act 1989. A flowchart can be found at Appendix D detailing the referral procedure.

Where staff believe that appropriate action has not been taken, they must continue to pursue concerns and follow the Sandwell Safeguarding Children Partnership escalation procedures. Staff should never assume that someone else has acted and should remain professionally curious until satisfied that concerns have been addressed appropriately.

How to make a referral to Childrens Social Care if a child is at risk of significant harm.

Step 1 - Complete a Multi-Agency Referral Form (MARF) including any relevant body Map and/or Child Exploitation Screening form and send in to the MASH secure email address on the front of the form. Be prepared to give as much of the following information as possible using the SAFER guidelines (see Appendix B). If there are any Child Sexual Exploitation (CSE) concerns, then a CSE screening tool should always be completed and submitted to Sandwell Children's Trust

Step 2 - If a child is at imminent significant risk of harm/immediate danger (and reporting concerns cannot wait an hour while a MARF is completed) the referrer should consider telephoning 999 and Sandwell Children's Trust contact centre (0121 569 3100). A MARF will also need to be completed within an hour of reporting the concern

Step 3 - Accurately record the action agreed following the referral or that no further action is to be taken and the reasons for this decision noting with whom discussions were held and who made the decisions on the appropriate school form.

Position of Trust referrals

Position of Trust referrals will be referred via the LADDO. A MARF for the child will be completed, if requested by Sandwell Children's Trust and a Multi-Agency POT referral form for the person allegations have been made about. This will detail the alleged incident and have all relevant details regards to the child and the adult who the allegations have been made about.

Concerns re: Terrorism/Radicalisation

Preventing Radicalisation

The Counter-Terrorism and Security Act 2015 places a duty on specified authorities, including local authorities and childcare, education and other children's services providers, in the exercise of their functions, to have due regard to the need to prevent people from being drawn into terrorism ("the Prevent duty"). Young people can be exposed to extremist influences or prejudiced views, particularly those via the internet and other social media. Schools can help to protect children from extremist and violent views in the same ways that they help to safeguard children from drugs, gang violence or alcohol.

School will refer any incidents of suspected radicalisation or children deemed at risk on a multi-agency referral form (MARF) to the MASH marked as PREVENT referral.

Contact can be made with the confidential Anti-Terrorist Hotline 0800 789 321

9. Confidentiality

Safeguarding children raises issues of confidentiality that must be clearly understood by all staff/volunteers in schools.

All staff in schools, both teaching and non-teaching staff, have a responsibility to share relevant information about the protection of children with other professionals, particularly children's social care and the Police.

If a child wishes to confide in a member of staff/volunteer and requests that the information is kept secret, the member of staff/volunteer will tell the child, in an appropriate manner to the individual needs of the child, that they cannot promise confidentiality and may need to pass the information on to help keep the child or other children safe.

Staff/volunteers who receive information about children and their families in the course of their work should share that information within the expectations of the school's confidentiality policy and other relevant policies e.g. the safeguarding and safeguarding and child protection policy, SCSP inter-agency procedures.

10. Communication with Parents

We will always discuss concerns with parents/carers and consent for any referrals should be sought unless to do so would:

- Place the child at risk of significant harm or further risk of significant harm.
- place a vulnerable adult at risk of harm.
- compromise any enquiries that need to be undertaken by children's social care or the Police.

We will endeavour to ensure that parents have an understanding of the responsibilities placed on the school and staff for safeguarding children.

We will work closely with parents in safeguarding their child/ren by raising awareness of any such issues/concerns in the community, emerging hoaxes, challenges that may cause harm, online safety, monitoring, filtering and parental controls etc.

11. Information Sharing and Record Keeping

Sharing the right information at the right time with the right people is fundamental to good safeguarding practice. It enables effective working together to improve outcomes for children, young people and their families. The importance of effective information sharing and good child Safeguarding and child protection record keeping has been highlighted in the learning from Child safeguarding Practice reviews (CSPR's) previously known as serious case reviews. Timely information sharing and effective record keeping is central to safeguarding and promoting the welfare of our pupils.

Information sharing and record keeping should have due regards for Data Protection (2018).

N.B. Data Protection Act (2018) should not be reason to withhold information about safeguarding in the child's interest

Good up to date record keeping of concerns and action taken with discussions and justifiable decision making is essential for two main reasons:

- It helps schools identify causes for concern at an early stage. Often it is only when a number of seemingly minor issues are seen as a whole that a pattern can be seen indicating safeguarding or child protection concern.
- It helps schools monitor and manage their safeguarding practices and provides evidence of robust and effective safeguarding policy and practice.

We follow the principles of effective record keeping with information being kept confidential and stored securely. Our records include a clear and comprehensive summary of the concern; details of how the concern was followed up and resolved. We record any action taken, decisions reached and the outcome.

We make a detailed record of a concern, discussion, suspicion, or allegation at the time of or as soon as possible after the event. Any member of staff receiving a disclosure of abuse from a child or young person or noticing signs or symptoms of possible abuse in a child or young person, will make a written record within the hour recording the disclosure using the child's own words, what was said or seen and the location both abuse and the disclosure. Dates and times of events will be recorded as accurately as possible, together with a note of when the record was made. A clear defensible decision on action o will be recorded included if a referral or not was made to other services (such as Childrens social care or PREVENT)

A record is made of any visible marks or injuries to a child that give cause for concern, this will also be completed on a body map. The child should not be examined intimately, or pictures taken of any injuries/marks (unless requested by statutory services).

All records will be signed and dated clearly with the name of the signatory clearly printed.

When a child has made a disclosure, the member of staff/volunteer will:

- Make brief notes as soon as possible after the conversation using the appropriate form used by the school.
- Not destroy the original notes in case they are needed by a court.
- Record the date, time, place and any noticeable non-verbal behaviour and the words used by the child.
- Record statements and observations rather than interpretations or assumptions.
- Distinguish fact from opinion.

Children **should NOT and will NOT** be asked to make a written statement themselves or to sign any records.

All records of a child protection nature (handwritten or typed) are given to the DSL (or for online records a digital alert) before the end of the working day. These should be filed in individual pupil files in Chronological order, and a Chronology of significant events should be maintained at the front of the file.

No copies will be retained by the member of staff or volunteer.

The Designated Safeguarding Lead will ensure that all safeguarding records are managed in accordance with Data Protection Act 2018 and transferred in accordance with the Education (Pupil Information) (England) Regulations 2005.

We will ensure that when a child moves on to a new educational provision that their child protection file is transferred to the new school or college as soon as possible. This will be within 5 days for an in-year transfer or within the first 5 days of the start of a new term as this will allow the new school or college to have support in place for when the child/young person arrives. Files will be securely transferred via CPOMS, MOVE IT, and confirmation of receipt will be obtained. The safeguarding file will be transferred separately from the main pupil file.

When we receive in any safeguarding files, we will issue a receipt to the previous school/college schools and will ensure key staff (e.g. Safeguarding team, SENCO) have access to the information contained within it.

Where there are records regards a member of staff relating to allegations of sexual abuse these records will be retained at least until the accused has reached normal pension age or for a period of 10 years from the date of the allegation if that is longer.

12. Allegations/Concerns involving School Staff/ Supply Staff/Work placement students/ Volunteers/ Contractors

An allegation relates to an adult who works with children (in a paid or unpaid capacity) and they have:

- behaved in a way that has harmed a child, or may have harmed a child.
- possibly committed a criminal offence against or related to a child; or
- behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; or
- behaved or may have behaved in a way that indicates they may not be suitable to work with children (consideration for any transferrable risk (e.g. incidents at home, in the community)

In these circumstances, any allegation or concern will be taken seriously and the head teacher (School Governance Lead), who has the responsibility for managing allegations against persons in a position of trust in school, will be informed immediately.

We are aware that there can be two levels of allegation/concern:

- Allegations that meet the harm threshold
- Allegations/concerns that do not meet the harm threshold – Referred to in KCSIE 2025 as ‘low level concerns’.

When dealing with allegations/concerns we will ensure that we will;

- Apply a common-sense approach and judgement.
- deal with them quickly, fairly and consistently
- provide effective protection for child/ren and support the person subject to the allegation.
- Complete a risk assessment and make a justifiable decision on whether that person should be temporarily relieved from duties deployed elsewhere whilst an investigation is undertaken.

Low level concerns are those concerns that do not meet the threshold for harm as detailed above but we always take them seriously. They will be dealt with as all allegations/concerns in a timely and appropriate manner. Our management of low-level concerns procedure is detailed within our Low-Level Concerns Policy.

They will be recorded on separate file so these concerns can be monitored and patterns established.

Low-level concerns which are shared about supply staff and contractors will be notified to their employers, so that any potential patterns of inappropriate behaviour can be identified

It is not the responsibility of the person receiving the allegation to make any enquiries or discuss the allegation with anyone other than the Head Teacher.

As with all other concerns about the welfare of children, the member of staff receiving the allegation should make a written record of the allegation using the informant's words - including time, date and place where the alleged incident took place, brief details of what happened, what was said and who was present. This record should be signed, dated and immediately passed on to the Head Teacher.

Under no circumstances will the informant be asked to make a written record of the allegation or asked to sign any documentation. This is the responsibility of the person receiving the allegation.

The headteacher will not investigate the allegation itself, or take written or detailed statements, but will refer the incident on A Multi- Agency Position of Trust Referral form to the LADO, A MARF for the child will be completed and a POT referral form for the person allegations have been made about.

Appropriate support will be put in place for the member of staff who is facing the allegation and a named contact within school will be provided.

If the Headteacher is implicated in the concerns, Chair of Governors will be informed immediately or, in their absence, the vice chair.

The Chair of Governors in this school is:

NAME: Wendy Lamb CONTACT NUMBER: 0121 296 3000 Ext 8235

The Vice Chair in this school is:

NAME: Dave Westbury CONTACT NUMBER: 0121 296 3000 Ext 8235

The same process will be followed by the chair or vice chair of governors as that followed by the Head Teacher/Principal

To reduce the risk of allegations, all staff should be aware of safer working practice and should be familiar with the guidance contained in the staff handbook, school code of conduct or Government document 'Guidance for safer working practice for those working with children and young people in an education setting'

If you have safeguarding or child protection concerns relating to the parents/carers of children and you are aware that they work with children, young people or vulnerable adults, you must inform the Designated Safeguarding Lead. This will allow for

consideration to be given as to whether the position of trust process needs to be applied.

If it is decided that the allegation meets any of the four criteria outlined above, procedures will be followed in accordance with Sandwell's inter-Agency Procedures

If it is decided that the allegation does not meet the threshold for safeguarding, it will be handed back to the employer for consideration via the school's internal procedures.

The Head Teacher should, as soon as possible, and after consulting with the Local Authority Designated Officer (LADO) inform the person against whom the allegation has been made of the concern.

At the conclusion of any case especially if concerns are substantiated school will review the circumstances of the allegation consider if any changes to processes in school need to be made.

Employment Law may not recognise that what happens in a person's private life can impact on their professional life, however, where an individual has done something in their personal life that means they might be unsuitable to work in their role with children.

- We will risk assess and make a judgement on whether they pose a risk of harm to children.
- We will seek our own legal advice on this to ensure we are compliant with employment law when dealing with any disciplinary action.
- We will record all information and decisions to demonstrate our justification for decisions made. [1]

13. Child on Child abuse including Sexual Violence and Harassment

We recognise that sometimes children can abuse other children. This may occur inside and outside of school/college.

Child on child abuse involves someone who abuses a 'vulnerability' or power imbalance to harm another, and have the opportunity or be in an environment where this is possible.

This may include:

- Bullying (including cyber bullying);
- Physical harm.

[1] *The Staffing and Employment advice for schools outlines the staffing and employment duties and also sets out that governing bodies should have their own procedures for dealing with disciplinary matters. The guidance can be found using this link.*
https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/953345/Staffing_and_employment_advice_for_schools_-_January_2021.pdf

- Sexual violence.
- Sexual harassment
- Discrimination
- Upskirting – which typically involves taking a picture under a person's clothing without them knowing. With the intention of viewing their genitals or buttocks for sexual gratification or to cause humiliation, distress or alarm to the victim.
- abuse in intimate personal relationships between children (teenage relationship abuse)
- sharing of nudes and semi-nudes'Initiation/hazing type violence and rituals

We recognize that child abuse can occur between and across different age ranges.

We accept that whilst perpetrators of child-on-child abuse pose a risk to others they are often victims of abuse themselves. We will work closely with alleged perpetrators to halt and prevent further occurrences.

We will explain to children that the law is in place to protect children and young people rather than criminalise them.

All children should be able to attend school and learn in a safe environment. When this is compromised by the actions or behaviours of their peers this will be dealt with predominately through our behaviour policy.

Prevention is a fundamental method of minimising risks and we will do this by:

- Ensuring all staff have training on child-on-child abuse
- We will adopt the 'whole school approach' to tackling sexism and any form of discrimination.
- We will challenge inappropriate behaviors between children
- providing developmentally appropriate PSHE syllabus which develops students understanding of acceptable behaviour and keeping themselves safe.
- Having systems in place for any student to raise concerns with staff, knowing they will be listened to, believed and valued.
- Delivering targeted work on assertiveness and keeping safe to those pupils identified at risk developing robust risk assessments & providing targeted work for pupils identified as being a potential risk to other pupils.

We follow both national (Sexual violence and sexual harassment between children in schools and colleges**)** and local guidance and policies to support any children/young people subject to child on child abuse to enable provision of effective support

We fully understand that even if there are no reports of child-on-child abuse in school it may be happening. Equally whilst we are aware that female students are the predominant victims, we will take all reports seriously. As such all our staff and children/young people are supported to:

- be alert to child-on-child abuse (including sexual harassment);
- understand how the school views and responds to child-on-child abuse stay safe and be confident that reports of such abuse will be taken seriously.

We will not tolerate instances of child-on-child abuse and will not pass it off as “banter”, or “part of growing up”.

Our system for reporting instances of abuse is available on our website and child friendly posters around school. School will ensure children are aware of how to report their concerns and all cases will be taken seriously.

School will ensure children are aware of how to report by PSHE sessions, school assemblies, workshops. All children know reports will be taken seriously by staff

Sometimes allegations are made of a specific safeguarding nature. These may include physical abuse, emotional abuse, sexual abuse and sexual exploitation. Some of the features of these could include:

- Allegations against an older pupil’s behaviour towards a younger child
- Severe Bullying
- Is of a serious nature possibly related to a criminal offence.
- Indicates that other pupils have been affected by this pupil
- Taking part in the sharing of nudes and semi-nudes’
- Photographing or videoing other children performing indecent acts
- Forcing others to use drugs or alcohol

All complaints and incident will be taken seriously with a record of incidents and action taken.

An assessment of an incident between children will be completed to consider:

- Has this been a deliberate or contrived situation for a young person to be able to harm another?
- Chronological and developmental ages of everyone involved

● Difference in their power or authority in relation to age, race, gender, physical, emotional, or intellectual vulnerability
● All alleged physical and verbal aspects of the behaviour and incident
● Whether the behaviour involved inappropriate sexual knowledge or motivation
● What was the degree of physical aggression, intimidation, threatening behaviour or bribery
● The effect on the victim
● Any attempts to ensure the behaviour and incident is kept a secret
● The child or young person's motivation or reason for the behaviour, if they admit that it occurred
● Whether this was a one-off incident, or longer in duration

We understand the importance of dealing with a situation of child-on-child abuse immediately and sensitively. We will gather the information as soon as possible to get the true facts and we will consider the language used and the impact of that language on both the children and the parents when they become involved. We avoid any language that may create a 'blame' culture and leave a child labelled.

Taking Action – What we do:

- Always take complaints seriously
- Gain a statement of facts from the pupil(s)
- Assess needs of victim and alleged perpetrator.
- Put appropriate support in place (e.g. mentoring counselling, emotional wellbeing service)
- Consider referral to Police or Children's Social Care
- Contribute to multi-agency assessments.
- Convene a risk management meeting
- Record all incidents and all action taken.

Consideration will be given to whether the complaint raises a safeguarding concern and then report to the designated safeguarding lead or the safeguarding person on duty in the absence of the DSL.

- A factual record should be made but no attempt should be made to investigate at this stage,

- The DSL can discuss the case with advisory personnel such as the Single point of contact (SPOC), Strengthening Families team or the Education safeguarding officer to determine if a referral to MASH is required. If there is an indication that a criminal offence has been committed then the police may become involved. School may be advised to refer this case to the police or advise parents to do so.

- The DSL will speak to parents of the victim(S) and the alleged perpetrator to inform them of the referral as long as it does not put either parties at risk of further harm.

- Records of action and advise will be kept on both children's file.

- Consideration will be given to whether the alleged perpetrator should be excluded from school according to the school's behaviour policy.
- If children services decide there will be no further action a thorough investigation will be carried out in school using the school's usual Behaviour procedure/sanctions.
- If the school, consider a safeguarding risk is still present then a full risk assessment will be carried out with a date set for follow up review.

15. .Statutory School policies

1A full list of statutory policies can be found at https://www.gov.uk/government/publications/statutory-policies-for-schools . Note that none of these policies relate to safeguarding and child protection.

Appendix A

Definitions of Abuse, Neglect and Exploitation (Including specific safeguarding Issues)

These are forms of maltreatment – a person may abuse, neglect or exploit a child by inflicting harm or failing to act to prevent harm. Child welfare concerns may arise in different contexts and can vary in terms of extent and seriousness. Children can be abused by family members and strangers, in an institution or community setting including via the internet. In the case of Female genital mutilation children may be taken out of the country to be abused.

The warning signs and symptoms of child abuse, neglect and exploitation can vary from child to child. Disabled/SEN children may be especially vulnerable to abuse, including because they have impaired capacity to avoid or resist abuse. There are also assumptions that indicators of abuse such as behaviour, mood and injury can relate to the child's disability without further exploration. Children with SEN and disabilities can be disproportionally impacted by bullying without showing outward signs. Children develop and mature at different rates so what appears to be worrying for a younger child might be normal for an older child. Parental behaviours may also be indicative of abuse or neglect so be alert to parent-child interactions and behaviours which are concerning. By understanding warning signs, you can respond to problems as early as possible and provide the right support/services for the child and their family.

1. Physical Abuse

- Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child.
- Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child (previously referred to as Munchausen syndrome by proxy)

2. Signs of possible physical abuse

- Any injuries not consistent with the explanation given for them.

- Injuries which occur to the body in places which are not normally exposed to falls or rough games
- Injuries which have not received medical attention
- Reluctance to change for, or participate in, games or swimming.
- Bruises, bites, burns and fractures, for example, which do not have an accidental explanation
- The child gives inconsistent accounts for the cause of injuries.
- Frozen watchfulness
- Possible effects of physical abuse
- Physical abuse can lead directly to neurological damage, physical injuries, disability and in extreme cases death. Physical abuse has been linked to aggressive behaviour in children, emotional and behavioural problems and learning difficulties.

3. Emotional Abuse

- Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development.
- It may involve conveying to children that they are worthless or unloved, inadequate, or valued only as far as they meet the needs of another person.
- It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate.
- It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction.
- It may involve seeing or hearing the ill-treatment of another.
- It may involve serious bullying (including cyberbullying),
- causing children frequently to feel frightened or in danger, or
- The exploitation or corruption of children.

- Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

4. Signs of possible emotional abuse

- Depression, aggression, extreme anxiety, changes or regression in mood or behaviour, particularly where a child withdraws or becomes clingy.
- Obsessions or phobias
- Sudden underachievement or lack of concentration
- Seeking adult attention and not mixing well with other children
- Sleep or speech disorders.
- Negative statements about self
- Highly aggressive or cruel to others
- Extreme shyness or passivity
- Running away, stealing and lying

5. Possible effects of emotional abuse

- If a child suffers sustained emotional abuse, there is increasing evidence of adverse long-term effects on their development. Emotional abuse has a significant impact on a developing child's mental health, behaviour and self-esteem. It can be especially damaging in infancy and can be as important as the other more visible forms of abuse, in terms of its impact on the child. Domestic violence, adult mental health problems and parental substance misuse may be features in families where children are exposed to such abuse.

Sexual Abuse and Exploitation

- Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.
- The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing, and touching outside of clothing.

- They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, grooming a child in preparation for abuse (including via the internet).
- Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Signs of possible sexual abuse

- Any allegations made by a child concerning sexual abuse.
- The child has an excessive preoccupation with sexual matters and inappropriate knowledge of adult sexual behaviour for their age, or regularly engages in sexual play inappropriate for their age.
- Sexual activity through words, play or drawing.
- Repeated urinary infections or unexplained stomach pains
- The child is sexually provocative or seductive with adults.
- Inappropriate bed-sharing arrangements at home
- Severe sleep disturbances with fears, phobias, vivid dreams or nightmares which sometimes have overt or veiled sexual connotations.
- Eating disorders such as anorexia or bulimia.

Possible effects of sexual abuse

- Disturbed behaviour including self-harm, inappropriate sexual behaviour, sadness, depression and loss of self-esteem has all been linked to sexual abuse. Its adverse effects may last long into adult life. The severity of the impact on the child is believed to increase the longer the abuse continues, the more serious the abuse, the younger the child at the start, and the closeness of the relationship to the abuser. The child's ability to cope with the experience of sexual abuse once recognised; can be strengthened by the support of a non-abusive adult carer who believes the child, helps the child understand the abuse, and is able to offer help and protection. Some adults who sexually abuse children were themselves sexually abused as children.

Neglect

- Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.
- Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:
- provide adequate food, clothing and shelter (including exclusion from home or abandonment).
- protect a child from physical and emotional harm or danger;
- ensure adequate supervision (including the use of inadequate care-givers); or
- Ensure access to appropriate medical care or treatment.
- It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

Signs of possible neglect

- Dirty skin, body smells, unwashed, uncombed hair and untreated lice
- Clothing that is dirty, too big or small, or inappropriate for weather conditions
- Frequently left unsupervised or alone
- Frequent diarrhoea
- Frequent tiredness
- Untreated illnesses, infected cuts or physical complaints which the carer does not respond to
- Frequently hungry
- Overeating junk food

Possible effects of neglect

- Neglect can seriously impair a child's health, physical and intellectual growth and development, and can cause long term difficulties with social functioning, relationships and educational progress. Extreme cases of neglect can cause death.

Specific Safeguarding Issues

Violence Against Women and Girls (VAWG)

VAWG is defined as any act of gender–based violence that results in, or is likely to result in physical, sexual or psychological harm or suffering to women including threats of such acts, coercion or arbitrary deprivation of liberty, whether occurring in public or private life. VAWG is the umbrella term which brings together multiple forms of serious violence such as crimes committed in the name of "honour"; domestic abuse (including Controlling behavior and coercive control); female genital mutilation (FGM); forced marriage; sexual violence, abuse, exploitation and rape; stalking; harassment; trafficking for sexual exploitation; prostitution. If members of staff have a concern about or knowledge of any VAWG incidents, they will share it immediately with the DSL with a view to referring to appropriate agencies.

So-called 'Honour Based' Violence is a crime or incident which may have been committed to protect or defend the honour of the family or community.

It is often linked to family members or acquaintances (and can include multiple perpetrators) who mistakenly believe someone has brought shame to their family or community by doing something that is not in keeping with the traditional beliefs of their culture. For example, honour-based violence might be committed against people who:

- become involved with a boyfriend or girlfriend from a different culture or religion
- want to get out of an arranged marriage
- want to get out of a forced marriage
- wear clothes or take part in activities that might not be considered traditional within a particular culture

Crimes of 'honour' do not always include violence. Crimes committed in the name of 'honour' might include:

- domestic abuse
- threats of violence
- sexual or psychological abuse
- being held against your will or taken somewhere you don't want to go
- forced marriage

A forced marriage is one that is carried out without the consent of both people. This is very different to an arranged marriage, which both people will have agreed to. There is no religion that says it is right to force you into a marriage and you are not betraying your faith by refusing such a marriage.

- **Female Genital Mutilation** (FGM) is a procedure where the female genitals are deliberately cut, injured or changed but where there is no

medical reason for this to be done. It is also known as ‘female circumcision’ FGM is usually carried out on young girls between infancy and the age of 15 most commonly before puberty starts. It is illegal to perform FGM in England and Wales, assist a young girl to carry out FGM on herself in England and Wales and assist (from England or Wales) a non-UK person to carry out FGM outside the UK on a UK national or UK resident.

Some of the following signs may be indicators of risk of FGM or a child has undergone FGM

- Knowing that the family belongs to a community in which FGM is practised and is making preparations for the child to take a holiday, arranging vaccinations or planning absence from school.

- The child may talk about a special procedure /ceremony is taking place.

- Prolonged absence from school or other activities with noticeable behaviour change on return, possibly with menstrual or bladder problems.

- Children finding it difficult to sit still and look uncomfortable or complaining about pain between the legsspend longer in the bathroom or toilet
- appear withdrawn, anxious or depressed
- have unusual behaviour after an absence from school or college
- if a child suspects FGM is going to happen she may run away from home or miss school.

- Talking about somebody doing something to them that they aren’t able to talk about.
  In Africa, FGM is known to be practiced among certain communities in 29 countries: Benin, Burkina Faso, Cameroon, Central African Republic, Chad, Cote d'Ivoire, Democratic Republic of Congo, Djibouti, Egypt, Eritrea, Ethiopia, Gambia, Ghana, Guinea, Guinea-Bissau, Kenya, Liberia, Mali, Mauritania, Niger, Nigeria, Senegal, Sierra Leone, Somalia, Sudan, Tanzania, Togo, Uganda and Zambia.

  Certain ethnic groups in Asian countries practice FGM, including in communities in India, Indonesia, Malaysia, Pakistan and Sri Lanka.

  In the Middle East, the practice occurs in Oman, the United Arab Emirates and Yemen, as well as in Iraq, Iran, the State of Palestine and Israel.

  In Eastern Europe, recent info shows that certain communities are practicing FGM in Georgia and the Russian Federation.

In South America, certain communities are known to practice FGM in Columbia, Ecuador, Panama and Peru.

And in many western countries, including Australia, Canada, New Zealand, the United States, the United Kingdom and various European countries, FGM is practiced among diaspora populations from areas where the practice is common

- Abuse linked to a Belief in Spirit Possession whereby the perpetrators believe that an evil spirit has entered a child and is controlling him or her. Sometimes the term 'witch' is used and is defined here as the belief that a child is able to use an evil force to harm others. Terms used may be black magic, kindoki, the evil eye, djinns, voodoo, obeah, demons, and child sorcerers. In all these cases genuine beliefs can be held by families, carers, religious leaders, congregations and the children themselves that evil forces are at work. Abuse often occurs when an attempt is made to 'exorcise' or 'deliver' the child.

Some of the following signs may be indicators of this type of abuse but may also be common features in other kind of abuse

- Signs or marks such as bruises or burns
- A child becoming noticeably confused, withdrawn, disorientated or isolated and appearing alone amongst other children
- A personals personal care deteriorating such as losing weight, being unkempt with dirty clothes and even faeces smeared on them
- Parent or carer does not show concern for or have a close bond with the child.
- Childs school attendance becoming irregular or the child being taken out of school altogether
- A child reporting, they are or have been accused of being 'evil' and/or that they are having the 'devil beaten out of them'

Mental Health

We are aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Only appropriately trained professionals should attempt to make a diagnosis of a mental health problem. Our staff members, however, are well placed to observe

children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. School work alongside Reflexions, who are an external NHS agency who support children's mental health. Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that our staff members are aware of how these children's experiences can impact on their mental health, behaviour and education. If staff have a mental health concern about a child that is also a safeguarding concern, this will be shared with the DSL with a view to referring to appropriate agencies following the referral procedures. We also note the DfE's advice and guidance on *Mental Health and Behaviour in Schools*.

Assessment of risk outside the family home – (Extra familial Abuse) The following toolkits and guidance will be referred to when concerns are used:

Child Exploitation Toolkit

County Lines Exploitation Guidance

CSE Exploitation for Schools

FINAL-Multi-agency-Practice-Principles-for-responding-to-child-exploitation-and-extrafamilial-harm-Designed-.pdf (researchinpractice.org.uk)

Children and young people may be vulnerable to abuse or exploitation from outside their families. These threats may occur in educational establishments, within peer groups or more widely from within the community and/or online. Children can be vulnerable to multiple threats including exploitation by criminal gangs and organised crime groups, online grooming, extremist ideologies.

Professionals should consider whether wider environmental factors are present that threaten a child's safety and welfare.

Serious Violence

Staff are made aware of the possible indicators which may signal a child/young person is involved in serious violent crime. Indicators may include nut not limited to:

- Increased absence from school
- Changes in friendships groups
- Relationships with older individuals or groups

- Signs of self-harm
- Decline in academic performance
- Unexplained gifts or new possessions
- Changes in well being.
- Signs of assault or unexplained injuries

There are a range of risk factors that increases vulnerability and likely involvement in serious violence. Risk factors may include (but not limited to):

- Being male
- Frequent absence or exclusion from school
- Experience of child maltreatment
- Previous involvement with offending behaviour

Further advice and guidance is available from Preventing youth violence and gang involvement and criminal exploitation of children and vulnerable adults: county lines guidance

Online Safety

Online safety is a whole-school safeguarding responsibility. The school recognises that safeguarding incidents can occur both online and offline and that technology can be used to facilitate abuse, exploitation, bullying, grooming, harassment and coercive behaviour. Staff will maintain an awareness of emerging online risks and promote safe, responsible and respectful use of technology.

There is a breadth of issues relating to online safety and social media. They can be broadly categorised in to four broad areas of risk:

- **Content –** being exposed to illegal, inappropriate or harmful material
- **Contact –** being exposed to harmful interactions with other users
- **Conduct –** Personal online behaviours that increases the likelihood of or actually causes harm.
- **Commerce** - risks such as online gambling, inappropriate advertising, phishing and or financial scams. We will report any concerns to the Anti-Phishing Working Group (https://apwg.org/).

Please see our On-Line Safety Policy

Child Criminal Exploitation:

Gang activity and youth violence

Child exploitation can occur through gang recruitment. Young people at risk of joining a gang are usually vulnerable individuals who can be both perpetrators and / or victims of crime. Some the risks associated with gang/criminal involvement are:

- Retaliatory Violence due to territorial disputes with other gangs
- Criminal records
- Physical and Sexual violence as a means of control
- Drug/alcohol addiction
- Poor educational or employment potential

Children may often be at the periphery of involvement for some time before they become active gang members. Children may also follow older siblings into gang involvement. There are often opportunities for preventative work to be undertaken with children to deter them from joining a gang.

County Lines

Criminal exploitation is a geographically widespread form of harm that is a typical feature of county lines criminal activity. Drug networks and gangs groom and exploit children and young people to carry drugs and money within and from urban areas into suburban and rural areas.

Possible indicators of exploitation:

- Missing episodes
- Disengagement with education and leisure activities
- Becoming isolated from friends and family
- significant changes in emotional well-being
- A person meeting unfamiliar adults or a change to their behaviour
- The use of drugs and alcohol
- Acquiring money or expensive gifts they can't account for
- Lone children from outside of the area
- Individuals with multiple mobile phones or tablets or 'SIM cards'
- Unknown or suspicious looking characters coming and going from a neighbour's house
- Relationships with controlling or older individuals or associated with gangs
- Suspicion of self-harm, physical assault or unexplained injuries

If you have concerns surrounding children, follow safeguarding procedures and share your concerns with MASH. You can also report any suspected

criminal activity due the police via the FIB (police intelligence form) or by reporting via 101 or 999 in an emergency.

Child Sexual Exploitation (CSE) is a form of sexual abuse where children are sexually exploited for money, power or status. It can involve violent, humiliating and degrading sexual assaults. In some cases young people are persuaded or forced in to exchanging sexual activity for money, drugs, gifts, affection or status. Consent cannot be given, even where a child may believe they are voluntarily engaging in sexual activity with the person who is exploiting them. Child sexual exploitation doesn't always involve contact and can happen online. A significant number of children who are victims of sexual exploitation go missing from home, care and education at some point.

Some of the following signs may be indicators of sexual exploitation

- Children who appear with unexplained gifts, money or new possessions
- Children who associate with other children involved in exploitation
- Children who have older boyfriends or girlfriends
- Having a relationship of concern with a controlling adult or young person (this may involve physical and/or emotional abuse and/or gang activity);
- Entering and/or leaving vehicles driven by unknown adults;
- Frequenting areas known for risky activities;
- Being groomed or abused via the Internet and mobile technology;
- Having unexplained contact with hotels, taxi companies or fast food outlets.
- Children who suffer from sexually transmitted infections or become pregnant
- Children who suffer from changes in emotional well-being
- Children who misuse drugs and alcohol
- Children who go missing for periods of time or regularly come home late
- Children who regularly miss school or education or don't take part in education

Early intervention and preventative work is key in helping to support and educate children and young people. Strong links with local policing and neighbourhood teams is critical in identifying and safeguarding young people at risk.

Hall Green Primary School do this by hosting external companies to deliver assemblies and group sessions, have a good relationship with our local Early Help Police Officer and invite them into school for talks with the children, train our staff to be trauma informed

Radicalisation/Extremism

The Counter-Terrorism and Security Act 2015 places a duty on specified authorities, including local authorities and childcare, education and other children's services providers, in the exercise of their functions, to have due regard to the need to prevent people from being drawn into terrorism ("the Prevent duty"). Young people can be exposed to extremist influences or prejudiced views, in particular those via the internet and other social media. Schools can help to protect children from extremist and violent views in the same ways that they help to safeguard children from drugs, gang violence or alcohol. The following guidance sets out to support schools Managing risk of radicalisation in your education setting - GOV.UK (www.gov.uk)

Examples of the ways in which people can be susceptible to radicalisation in to terrorism and the indicators that might suggest that an individual might be susceptible :

- Example indicators that an individual is engaged with an extremist group, cause or ideology include: spending increasing time in the company of other suspected extremists; changing their style of dress or personal appearance to accord with the group; their day-to-day behaviour becoming increasingly centered around an extremist ideology, group or cause; loss of interest in other friends and activities not associated with the extremist ideology, group or cause; possession of material or symbols associated with an extremist cause (e.g. the swastika for far right groups); attempts to recruit others to the group/cause/ideology; or communications with others that suggest identification with a group/cause/ideology.
- Example indicators that an individual has an intention to use violence or other illegal means include: clearly identifying another group as threatening what they stand for and blaming that group for all social or political ills; using insulting or derogatory names or labels for another group; speaking about the imminence of harm from the other group and the importance of action now; expressing attitudes that justify offending on behalf of the group, cause or ideology; condoning or supporting violence or harm towards others; or plotting or conspiring with others.

- Example indicators that an individual is capable of contributing directly or indirectly to an act of terrorism include: having a history of violence; being criminally versatile and using criminal networks to support extremist goals; having occupational skills that can enable acts of terrorism (such as civil engineering, pharmacology or construction); or having technical expertise that can be deployed (e.g. IT skills, knowledge of chemicals, military training or survival skills).

The examples above are not exhaustive and vulnerability may manifest itself in other ways. There is no single route to terrorism nor is there a simple profile of those who become involved. For this reason, any attempt to derive a 'profile' can be misleading. It must not be assumed that these characteristics and experiences will necessarily lead to individuals becoming terrorists, or that these indicators are the only source of information required to make an appropriate assessment about vulnerability.

Extremism is defined by the Government in the Prevent Strategy as:

> Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces, whether in this country or overseas.

Extremism is defined by the Crown Prosecution Service as:

> The demonstration of unacceptable behaviour by using any means or medium to express views which:
>
> - Encourage, justify or glorify terrorist violence in furtherance of particular beliefs;
> - Seek to provoke others to terrorist acts;
> - Encourage other serious criminal activity or seek to provoke others to serious criminal acts; or
> - Foster hatred which might lead to inter-community violence in the UK.

There is no such thing as a "typical extremist": those who become involved in extremist actions come from a range of backgrounds and experiences, and most individuals, even those who hold radical views, do not become involved in violent extremist activity.

Pupils may become susceptible to radicalisation through a range of social, personal and environmental factors - it is known that violent extremists exploit vulnerabilities in individuals to drive a wedge between them and

their families and communities. It is vital that school staff are able to recognise those vulnerabilities.

Indicators of susceptibility include:

- Identity Crisis – the student / pupil is distanced from their cultural / religious heritage and experiences discomfort about their place in society;
- Personal Crisis – the student / pupil may be experiencing family tensions; a sense of isolation; and low self-esteem; they may have dissociated from their existing friendship group and become involved with a new and different group of friends; they may be searching for answers to questions about identity, faith and belonging;

- Personal Circumstances – migration; local community tensions; and events affecting the student / pupil's country or region of origin may contribute to a sense of grievance that is triggered by personal experience of racism or discrimination or aspects of Government policy;
- Unmet Aspirations – the student / pupil may have perceptions of injustice; a feeling of failure; rejection of civic life;
- Experiences of Criminality – which may include involvement with criminal groups, imprisonment, and poor resettlement / reintegration;
- Special Educational Need – students / pupils may experience difficulties with social interaction, empathy with others, understanding the consequences of their actions and awareness of the motivations of others.

However, this list is not exhaustive, nor does it mean that all young people experiencing the above are at risk of radicalisation for the purposes of violent extremism.

More critical risk factors could include:

- Being in contact with extremist recruiters;
- Accessing violent extremist websites, especially those with a social networking element;
- Possessing or accessing violent extremist literature;
- Using extremist narratives and a global ideology to explain personal disadvantage;
- Justifying the use of violence to solve societal issues;
- Joining or seeking to join extremist organisations;

- Significant changes to appearance and / or behaviour; and
- Experiencing a high level of social isolation resulting in issues of identity crisis and / or personal crisis.

Channel is a voluntary, confidential support programme which focuses on providing support at an early stage to people who are identified as being susceptible to being drawn into terrorism that uses existing collaboration between local authorities, the police, statutory partners (such as the education sector, social services, children's and youth services and offender management services) and the local community.

Child on Child Abuse

Children are capable of abusing other children including their peers. This can take different forms, such as bullying (including cyberbullying), physical abuse (such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; violence, particularly pre-planned, forcing other children to use drugs or alcohol, initiation/hazing type violence and rituals), emotional abuse (blackmail or extortion, threats and intimidation), sexual violence, such as rape, assault by penetration and sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment, sharing of nudes and semi-nudes , sexual abuse (indecent exposure, indecent touching or serious sexual assaults, forcing other children to watch pornography or take part in sharing of nudes and semi-nudes') and sexual exploitation (encouraging other children to engage in inappropriate sexual behaviour, having an older boyfriend/girlfriend, associating with unknown adults or other sexually exploited children, staying out overnight, photographing

Private Fostering

Private fostering is when a child under the age of 16 (under 18 if disabled) is cared for by someone who is not their parent or a 'close relative'. This is a private arrangement made between a parent and a carer, for 28 days or more. Close relatives are defined as step-parents, grandparents, brothers, sisters, uncles or aunts (whether of full blood, half blood or by marriage). Great grandparents, great aunts, great uncles and cousins are not regarded as close relatives.

The law requires that Sandwell Children's Trust should be notified if anyone is looking after someone else's child for 28 days or more. The purpose of the council's involvement is to support the child and private foster family (and wherever possible the biological parent/s) with any issues arising. These may be

practical issues such as benefits, housing, immigration or emotional issues such as keeping contact with biological family, maintaining cultural identity.

If we become aware of a child in a private fostering arrangement within Sandwell we will notify the council's Multi Agency Safeguarding Hub (*MASH*)

Appendix B:

Aide-memoire for Professionals to support efficient and appropriate telephone referrals of children who may be suffering, or are likely to suffer, immediate risk of significant harm

Situation

I am (give your name / designation / base). I am calling about (child's name(s) / date of birth / address, or mother's details if an unborn child).

I am calling because I believe this child is at risk of harm.

The parents are/aren't aware of the referral.

Assessment and actions

I have assessed the child and the specific concerns are (provide specific factual evidence, ensuring the points in Section A are covered) *or* I fear for the child's safety because (provide specific facts – what you have seen, heard and/or been told).

A Early Help Assessment has/hasn't been completed/ followed prior to this referral.

The child is now (describe current condition and whereabouts)

I have not been able to assess the child but I am concerned because …

I have (actions taken to make the child safe).

Family Factors

Specific family factors making this child at risk of significant harm are (base on the Assessment of Need Framework i.e. parenting capacity, family/environment, and child's developmental needs)

Additional factors creating vulnerability are …

Although not enough to make this child safe now, the strengths in the family situation are …

Expected response

In line with "Keeping Safe in Education 2025' , "Working Together to Safeguard Children" 2023 and Section 17 and/or Section 47 of the Children Act I recommend that a specialist social care assessment is undertaken (urgently?).

Other recommendations.

Ask: Do you need me to do anything now?

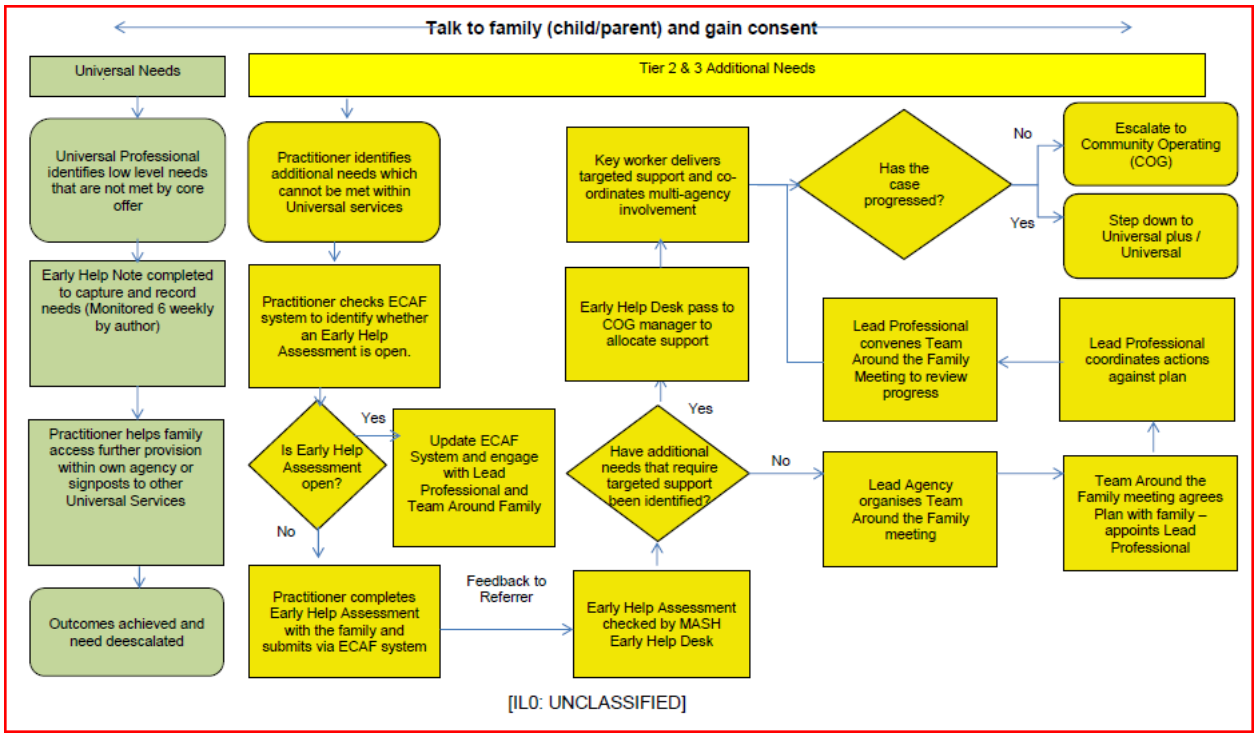

Referral and recording

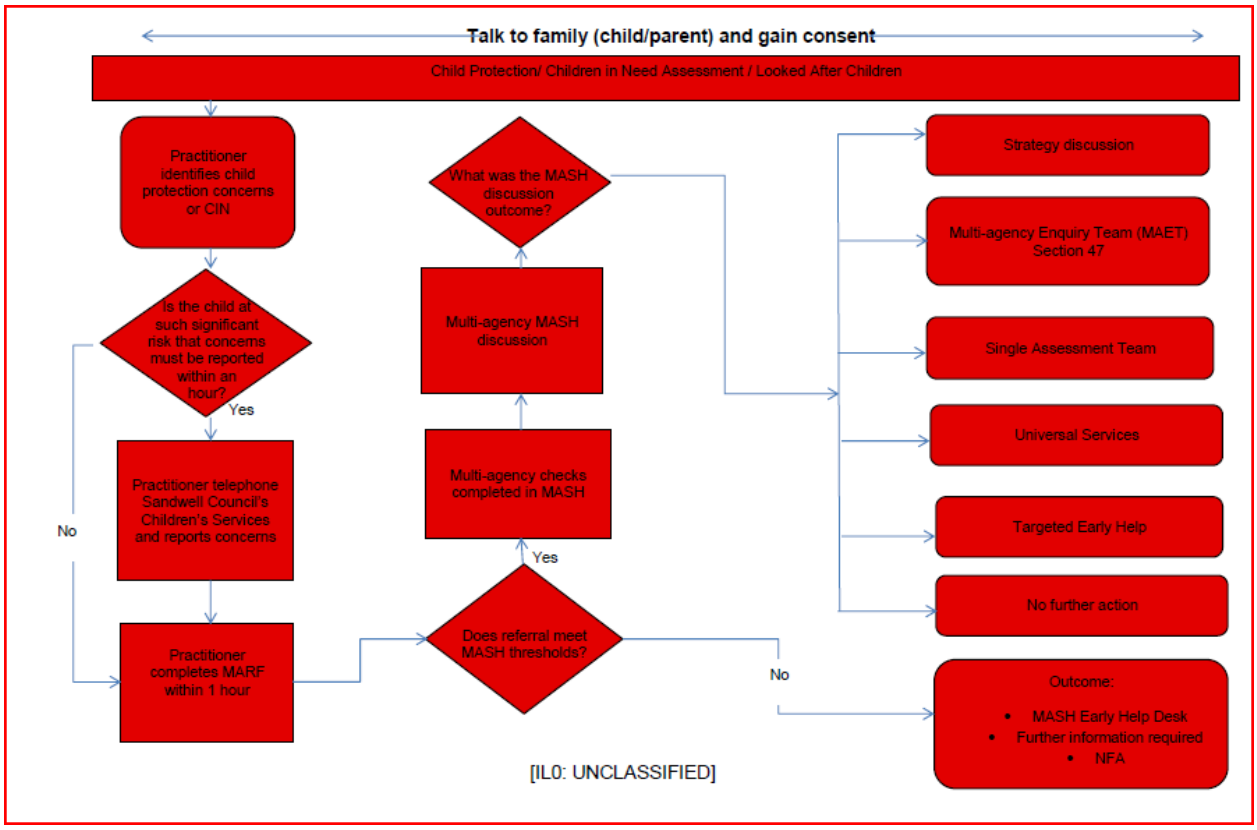

I will follow up with a written referral (MARF) and would appreciate it if you would get back to me as soon as you have decided your course of action.

Exchange names and contact details with the person taking the referral.

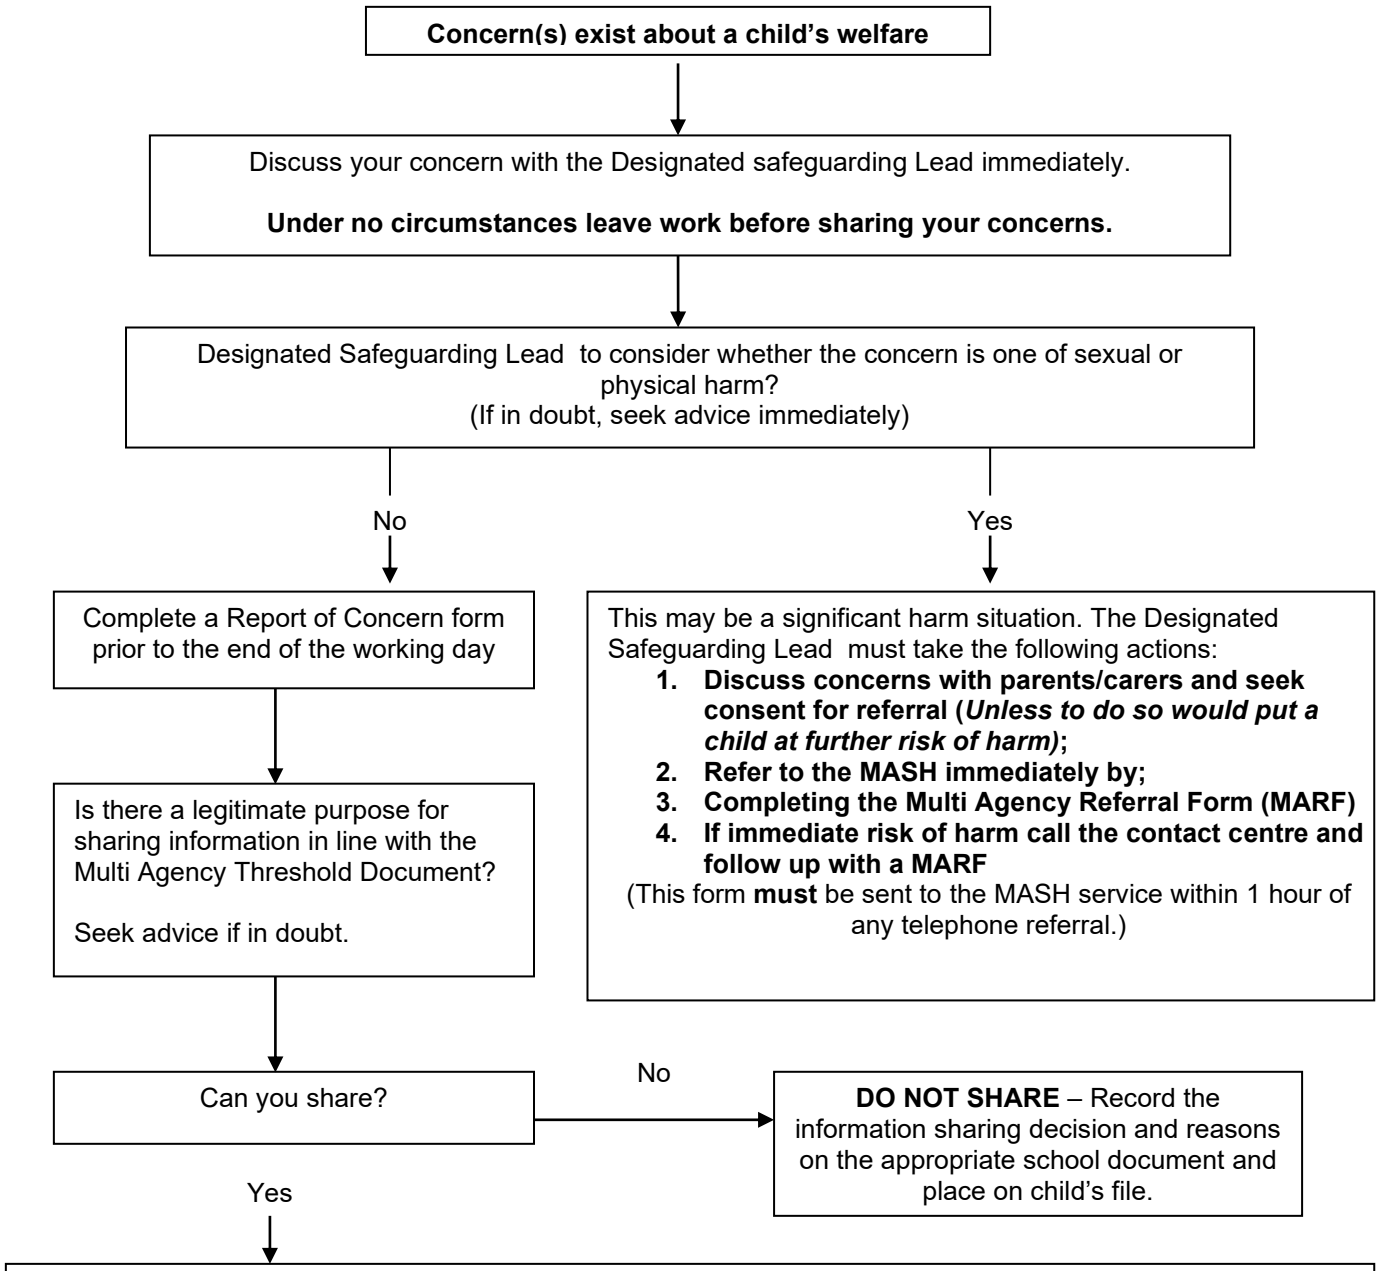

Now complete the MARF ensuring that it is sent within 1 hour and record details and time and outcomes of telephone referral.

Appendix C: Process Map

Appendix D: Safeguarding and Promoting Children's Welfare Procedural Flowchart

SHARING INFORMATION WHEN THERE ARE NO SIGNIFICANT HARM CONCERNS:

- Record the concern on a Report of Concern form, distinguishing fact from opinion. Using the Multi Agency Threshold Document consider if your concern meets the threshold (safeguarding concerns) for the offer of an early help assessment or the threshold for risk of significant harm (child protection).
- Early Help MASH – concerns that you believe are safeguarding concerns. Complete **Early Help Assessment** and submit via e-caf (if trained), via post to Early Help Team, PO Box 16021, Oldbury, B69 9EW or via e-mail to ecaf_queries@sandwell.gov.uk
- Child Protection MASH – concerns that you believe are child protection concerns. Contact your designated lead; consult with Early Help Social Worker for advice and guidance. Send completed **MARF** (multi-agency referral form) via secure e-mail to access_team@sandwellchildrenstrust.org or if an emergency that cannot wait an hour – call Sandwell's Contact Centre on 0121 569 3100
- **Record** the information sharing decision, your reasons, and open a confidential Safeguarding file for the child (if one does not already exist). Also note any agreed action, who is to complete this and by when.

<u>Appendix E</u>: Preventing Violent Extremism – Roles and Responsibilities of the Single Point of Contact (SPOC)

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism leading to terrorism.

The SPOC for Hall Green Primary School is Mrs Alison Gilbert, who is responsible for:

- Ensuring that staff of the school are aware that you are the SPOC in relation to protecting students/pupils from radicalisation and involvement in terrorism;
- Maintaining and applying a good understanding of the relevant guidance in relation to preventing students/pupils from becoming involved in terrorism, and protecting them from radicalisation by those who support terrorism or forms of extremism which lead to terrorism;
- Raising awareness about the role and responsibilities of Hall Green Primary in relation to protecting students/pupils from radicalisation and involvement in terrorism;
- Monitoring the effect in practice of the school's RE curriculum and assembly policy to ensure that they are used to promote community cohesion and tolerance of different faiths and beliefs;
- Raising awareness within the school about the safeguarding processes relating to protecting students/pupils from radicalisation and involvement in terrorism;
- Acting as the first point of contact within the school for case discussions relating to students / pupils who may be at risk of radicalisation or involved in terrorism;
- Collating relevant information from in relation to referrals of susceptible students / pupils into the Channel* process;
- attending Channel* meetings as necessary and carrying out any actions as agreed;
- Reporting progress on actions to the Channel* Co-ordinator; and
- Sharing any relevant additional information in a timely manner.

* Channel is a multi-agency approach to provide support to individuals who are at risk of being drawn into terrorist related activity. It is led by the West Midlands Police Counter-Terrorism Unit, and it aims to:

- Establish an effective multi-agency referral and intervention process to identify susceptible individuals;
- Safeguard individuals who might be susceptible to being radicalised, so that they are not at risk of being drawn into terrorist-related activity; and
- Provide early intervention to protect and divert people away from the risks they face and reduce vulnerability.
