15th January 2019

Year 2 Parent Maths Workshop

Dear Parent/Carer,

We would like to run an afterschool workshop for parents and pupils in Year 2 over the coming few weeks. The aim of this is to help support both pupils and parents/carers to develop their mathematical skills as well as giving you an insight into the way we do things so that you can support your children at home.

The club will run for just 3 weeks starting on Thursday 24th January following the school day (3:40 – 4:30pm):

- Week 1 – 24th January
- Week 2 – 31st January

During these two weeks, parents/carers will be introduced to the national expectations for maths and we will look at the place value, addition methods, subtraction methods, multiplication methods and division methods that we use in Year 2. These will be the methods children will be expected to use throughout the year which will support them throughout their SATs and prepare them for the next steps in Year 3.

Children will work in a separate classroom with a year 2 teacher to practice the methods you are being shown for these 2 weeks.

- Week 3 – 7th February

This week will be an **open session**. There will be a range of problems, sums and examples of questions available for you to tackle with your child in order for both of you to practise the skills you will have been developing. Year 2 teachers will also be available to talk to about any mis-conceptions or anything you need clarifying with regards to the maths curriculum.

If you, or a nominated relative are able to attend the club with your child please complete the consent slip below and return by Friday so that an accurate risk assessment can be written. We really feel that this club will be of value to you and your child and we can't wait to start it!

Yours sincerely,
Mrs K MacDiarmid

Parent and Child Maths Club

Child's Name: Class:

I (or a nominated adult relative) **WILL** be attending the after school Maths club to help support my child's learning.

Name of adult attending club:
