# TITLE: When, how and why do Christians pray? Year 5/6

# **ABOUT THIS UNIT:**

This unit explores the meaning and practice of Christian prayer. The idea that prayer is an expression of worship rather than a shopping list is shown through the examination of the Lord's Prayer. Christians pray in different ways for different things – prayers may be praise, thanksgiving, confession, requests for themselves or for others. The value of expressing gratitude and needs is becoming well researched in the 21<sup>st</sup> C, and so the opportunity to evaluate the power and impact of prayer, the value of praying for believers, and the relevance of prayer to those who do not have a religious faith, make good connections for learning from religion.

## Estimated time for this unit: 6 hours.

### Where this unit fits in:

This unit builds on work done on Christianity in lower KS2, and also connects with the unit on prayer in Islam and Judaism

# **KEY STRANDS ADDRESSED BY THIS UNIT**

- Religious practices and ways of life
- Questions of values and commitments

#### ATTITUDES FOCUS: the unit provides opportunities for the development of these attitudes:

- understanding the value of expressing gratitude on their own well-being
- recognising ways in which many Christians and others put their faith and trust in a higher authority
- being prepared to examine claims for the efficacy of prayer with open minds

#### Contributions to spiritual, moral, social and cultural development of pupils:

This unit enables pupils to develop:

- Spiritually by looking at their own situation and being able to express thanks and consider how they might need to change or develop to deal with the demands of life
- Morally by considering the best way to live
- Socially by recognising the value of community, as shown in much Christian prayer
- Culturally by seeing a diversity of ways in which people express their faith

	answered prayer show that God loves us?'
	<ul> <li>relate the values and commitments shown in Christian prayer to their own lives,</li> </ul>
	values or commitments thoughtfully.

#### ASSESSMENT SUGGESTIONS: A Possible final assessment task:

It is good practice to set activities at different levels throughout the teaching of this unit, so that there is ongoing assessment for learning. This final activity is an opportunity to confirm teacher assessments done through the series of lessons.

Give pupils the following five Biblical quotations:

- But when you pray, go into your room, close the door and pray to your Father, who is unseen. Then your Father, who sees what is done in secret, will reward you." <u>Matthew 6:6</u>
- Repent of wickedness and pray to the Lord in the hope that he may forgive you for having such thoughts in your heart." <u>Acts 8:22</u>
- I pray that out of his glorious riches God may strengthen you with power through his Spirit in your inner being." <u>Ephesians 3:16</u>
- "Is anyone among you in trouble? Let them pray. Is anyone happy? Let them sing songs of praise." James 5:13
- I was in terrible trouble when I called out to you, O God, but from your temple you heard me and answered my prayer." <u>Psalm 18:6</u>
- Read these quotations carefully in pairs, then answer these questions:
- When should Christians pray? Why should they pray? What should they pray for? What impact might they expect prayer to have in their lives? Why might prayer be important for Christians?

Here are three responses to prayer:

1. I'm a Christian. I find that prayer helps me to stay close to God. It makes me remember to be grateful for all the good things God has given me. It also makes me think carefully about others and what they need. It reminds me that sometimes I need to be the answer to prayer - it's not just about sitting and talking with God; sometimes it makes me get up and go and help others. God doesn't always answer my prayers, but he has changed me through my prayer – sometimes that is the answer I need.

2 I'm a psychologist. I have been researching the impact of prayer on people's lives. Even those who do not have a religious faith often find themselves praying. The idea that there is someone listening who understands what we are going through can be very helpful when people are going through difficulties. Research shows that saying thank you for things can really make you feel better. Prayer gives people a chance to do that.

3. I'm an atheist. I don't mind if people pray, but I really think it is just like talking to yourself, as I believe there is no God. People pray, and then every now and again, a coincidence happens and they think the prayer is "answered". Clearly, if there was a God, then we would see much more evidence in prayers being answered.

Talk together. Ask pupils to work in groups to come up with arguments for and against the following statement: "Prayer is a complete waste of time." They should use the ideas they have encountered in the passages above and in the earlier lessons, and take different points of view, including a Christian perspective.

What does it mean to pray?	To reflect on the nature of prayer To understand that prayer is an important part of what it means to be a Christian	<ul> <li>What does it mean to pray?</li> <li>Ask pupils to think of the person they turn to when things go wrong for them. A parent? Grandparent? Their best friend? An older brother or sister?</li> <li>Ask them to pick the sentences which best describe what happens: <ul> <li>'This person magically solves all my problems' or 'This person gives me a hug and helps me to feel better',</li> <li>'This person makes sure nothing bad ever happens' or 'This person really cares about me',</li> <li>'We never bother to talk to each other' or 'We like spending time together'?</li> </ul> </li> <li>Pupils could write down the sentences which most apply and draw a picture of that person.</li> <li>Make the point that we talk to the people we are closest to because they love us and look after us, which helps us feel good: they don't grant magic wishes for us.</li> <li>Introduce the idea that believers talk to God for the same reasons: this is called praying. While it might be tempting to think that God grants magic wishes, prayer is really about friendship, love and support. For many religious believers, God is like their mum, best friend and big brother all rolled into one!</li> <li>At the bottom of their pictures, pupils could add in their own words that believers pray because they feel the same way about God.</li> </ul>	L3 I can ask questions about what prayer means to believers, making links with my own understanding L4 I can suggest answers to questions about the value of prayer for believers and others.	Note that this opening lesson matches the one in Unit 2.12 on Jewish and Islamic Prayer

Why is the Lord's prayer important for Christians?	To examine a key Biblical text for Christians today To apply their learning to understand how Christians behave	<ul> <li>Why is the Lord's Prayer important for Christians?</li> <li>Ask pupils to silently think of something they want today. It might be a material thing, like chips for dinner, it might be an emotional thing like a hug from their mum, or just something they want to do like walking the dog or playing football after school.</li> <li>Ask for volunteers to mime to the rest of the class what their need or wish is: they are not allowed to speak.</li> <li>Make the point that sometimes we can't put into words what we want or need. This can be frustrating!</li> <li>Next show the class a big bag of sweets (or an appealing alternative!). It will go to the person who asks in the best way: how will each pupil ask for it?</li> <li>Discuss afterwards how it is sometimes difficult to say what we want, and it is sometimes difficult to know how to say the best thing. Tell the class that Jesus' disciples had the same problem when they wanted to talk to God, so Jesus taught them a special prayer. Read the prayer to them (see Matthew 6.9-13).</li> <li>This prayer is important to Christians because Jesus taught it. Then break the prayer down and give it to pupils divided into simple sentences on one side of the sheet with space for them to corpy: e.g. 'give us this day our daily bread' might become 'give us all the food we need'.</li> <li>Use a book like 'The Lord's Prayer' published by Lion as an aid. Give pupils time to fill in their sheets with words and collage. What might a Christian pray for today in each of these categories?</li> </ul>	L3 I can make links between the Lord's prayer and Christian beliefs about God and Jesus L4 I can describe the impact of the Lord's prayer on the lives of Christians I can compare what makes me act in the way I do, with the motivation Christians get from the Lord's prayer
