

Home Learning Challenge.

Due date: Thursday 26th October 2023

Select activities that you would like to complete at home during term time from the list below (or choose something else to do based on our Unit!) Make sure you keep adding to it each week or complete more than one activity so that **you present 5 weeks' worth of learning!**

Our Unit is: **Ancient Egypt**

You could create:

- A fact file of an Ancient Pharaoh.
- A drawing or a model of a sarcophagus
- Write a story which includes hieroglyphs
- A tourist guide for the 'Ancient wonders of Egypt'
- A draw or make a model of a death mask similar to Tutankhamun
- Design or make a piece of Egyptian jewellery
- Make a model of a pyramid
- Write a set of instruction on how to mummify a body.

****Parents:** We would love it if you could support your child in completing this ongoing project but **please ensure they have overall responsibility for whatever they produce.** Feel free to add comments in their diary.

Diary of Learning.

This project is designed to be ongoing. Tell us what you have added to it each week!
