

English

As readers we are using a variety of texts to practise our comprehension skills, including The Ironman. We will continue to read daily in order to improve our fluency and expression.

As Writers we will be writing a character description, setting description and poetry. We will continue to focus on improving our basic skills by using technical vocabulary, a range of coordinating and subordinating conjunctions as well as adjectives and similes.

Year three

What are we learning about this half term?

Computing

In Computing we will be learning about how to stay safe when using the internet in E-Safety. We will be using a program called Scratch along with Purple Mash. We will also be improving our programming skills throughout the term.

PE

In PE we will be focusing on invasion games. We will be looking at how to attack and defend as a team, as well as developing our passing and moving skills. We will also be developing our orienteering skills through map work.

Music

As Musicians this term we will begin to recognise different music styles. We will find the pulse in songs; as well as learning to play the Steel Pans.

Maths

As Mathematicians we will be reinforcing our knowledge of Place Value and the number system. We will also be using the operations of addition and subtraction. We will be learning how to use a formal written method for both. As we move through the term we will continue to practise our times tables in our Lightning Maths groups. During the term we will also practice applying these skills to solve word problems.

RE

In RE we will be looking at what Christians learn from the Creation story. We will look carefully at the Christians holy book The Bible and read the story from The Old Testament. We learn why this creation story is important to all Christians.

Spanish

As linguists we will be introduced to the Spanish language. We will learn about Spain and other Spanish speaking countries; as well as to pronounce and use Spanish greetings and basic conversational vocabulary.

Science

As Scientists we will be learning all about Forces and Magnets during this half term. We will be identifying how everyday objects

have magnets; look at the magnetic poles and learn all about the magnetic field. We will be making our very own compasses to understand how the Earth acts as a huge Magnet.

Humanities

As historians, we will be finding out about the Stone Age. We will work hard to understand a time place events in chronological order. We will also investigate what life was like during period.
