

# Home Learning Challenge

Due date: Friday 15<sup>th</sup> December 2023

Select activities that you would like to complete at home during term time from the list below (or choose something else to do based on our Unit!) Make sure you keep adding to it each week or complete more than one activity so that **you present 5 weeks' worth of learning!**

Our Unit is: **Mayan civilisation**

You could create:

- A fact file of Maya gods.
- Design and create a Mayan God or Goddess. It could be a painting, a collage or a sculpture.
- Create a Mayan headdress
- A tourist guide of the Mayan temples
- Make a model of a Mayan home
- Research the Mayan number system and write out a multiplication grid using their number system
- Design and make a model of a Mayan pyramid
- Create a fact file of the history of chocolate

**\*\*Parents:** We would love it if you could support your child in completing this ongoing project but please ensure they have overall responsibility for whatever they produce

## Diary of Learning.

This project is designed to be ongoing. Tell us what you have added to it each week!
