

Home Learning Challenge

(The Hunger Games / Light / Furniture)

Please look at the list below and select one activity that your child would like to do at home (or choose something else based on our Units). We would love it if you could support your child in completing this project but please ensure they have overall responsibility for whatever they produce.

- Draw a diagram of how we see
- Record a news report all about the eye and how it works
- Research Thomas Young
- Draw a map of your house/garden/familiar place (draw a grid on it too) can you use co-ordinates to say where 3 specific items would be on the map.
- Create a prototype of a piece of furniture using craft materials
- Design a piece of furniture using an exploded diagram

Please note that final submission for this home learning challenge is **Monday 18th**
