

## English

As Readers we are using traditional tales to practise our comprehension skills. We will continue to read daily in order to improve our fluency and expression. As Writers we will be writing a own traditional tale and a diary entry. We will continue to focus on improving or basic skills by using technical vocabulary, a range of conjunctions, using determiners and sentence openers including fronted adverbials and prepositional phrases.

# Year three

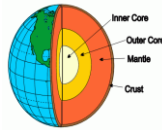

## What are we learning about this half term?

## Maths

As Mathematicians we will be measuring in cm and m. We will then be converting between cm, m and km and using this to compare lengths. As well as this we will be learning about mass and reading scales using g and kg. After this we will look at capacity and revisit scales this time using ml and l. During the term we will also practice applying these skills to solve word problems.

## History / Geography

As Geographers we will be continuing to learn about Volcanoes. We will be discussing of the earth and how this leads to the formation of volcanoes.

Following this we will investigate where volcanoes are found around the world and discuss why some areas contain a lot more volcanoes than others. We will then a look in more detail at the structure of a volcano and find out what happens during an eruption.

## Computing

In Computing we will be database designers. We will be using a program on purple mash called 2question to design and create a branching database. We will be sorting information using yes or no question and present this as a database.

## Science

As scientists we will be identifying the functions of different parts of a flowering plant during our Feeling Fruity topic. We will look the requirements of plants for life and growth as well as the importance of bees during pollination.

## PE

In P.E. we will be focusing on gymnastics and dance. In gymnastics we will be creating and performing a group routine which includes: shapes, balances, rolls and travel movements. In dance we will be creating our own dance routine.

## RE

In RE we will be looking at what the trinity is and why it is so important for Christians. We will describe how Christians show their beliefs about God the Trinity in worship through baptism and prayer and in the way they live.

## Design & Technology

In D&T we will be developing skills needed to make a pizza, including choosing healthy ingredients, making, preparing and chopping ingredients and preparing dough.

## Art

As artists, we will be developing different technique, including tone and texture to our drawings. We will learn about the work of the famous artist Giuseppe Arcimboldo.
