Head Teacher – A. Gilbert

Dear Parent(s),

As you may be aware from previous messages, we have begun working with a new system called Arbor that will allow parents/carers to view their child's record (inc. attendance) in real time via an app. We have now sent out details via email about how to log in- please check your junk messages! If you have not received an email, it may be because we do not have an accurate email address for you on our system – please pass this on to the office staff, or email myself, so that the system can be updated.

In order to use this app and create an account, you will need to download the app:

Search for 'Arbor Parent App'

When you have set up your account, please check that the details which have transferred for you and your child(ren) are correct. Please speak to the office urgently if there are any issues or errors with the data held on the system.

Arbor will also eventually replace our text message communication systems as you will be able to receive in-App messages and emails via Arbor. If we do not have an email address for you, it is essential you pass one on to us so that we can get you set up and keep you up to date.

We are hoping to set up the payment system on Arbor in the near future and will be in touch when this is done.

If you require support to set up this app on your mobile device(s), there will be some staff available to help before and after school on the yard. Please stop by and we will be happy to assist where we can.

Mrs MacDiarmid  
Deputy Head Teacher
