### **Uncle Brow Brows Biodiversity Book in a Day**

Children of all ages are invited to come and learn the creative process of bringing a book to life. Uncle Brow Brows will take you on a whirlwind journey, from developing an interesting character and story, all the way through to illustrating the final book. The finished book will then have some Uncle Brow Brows magic applied to it. The theme is biodiversity, so before you arrive think of your favourite animals, bugs or creatures along with the green spaces they live in. There is an author inside all of us. So, let's tell a magic story together.
